PT non teacher working 20 or more hrs but less than FT	SS	SS				SS (if DESE certified-see above)
PT non-teacher working less than 20 hrs	SS	SS				SS (if DESE certified-see above)

¹ In Category 1A, 1B, and 2 community colleges a "teacher" is defined by statute and includes the 10 positions of Teacher, Teacher-Secretary, Substitute Teacher, Supervisor, Principal, Supervising Principal, Superintendent, Assistant Superintendent, Nurse, and Librarian. In Category 3, 4 and 5 "teacher" refers to anyone with a license to teach regardless of position held.

² Effective 9/28/77 PSRS membership was revised to include individuals employed by a public junior college in a teaching, supervisory, or educational administrative position and certified by the executive officer of the institution for such full-time duties.

³ The 1977 option allows full-time teachers with DESE certification or certified by the XO for full-time duties in teaching, supervisory, or educational administrative positions who are members of PEERS when they qualify for membership in PSRS—the option to remain in PEERS. Anyone given this option on or after the effective date of the modification will pay SS no matter what they elect.

⁴ Rehired annuitants are excluded from mandatory Social Security coverage.

⁵ If an employee is a member of PEERS based upon employment at another PEERS-covered employer, then mandatory does not apply.
