January 20, 2012

The Honorable Jay Nixon
Governor of Missouri
State Capitol, Room 216
Jefferson City, MO 65101

Dear Governor Nixon:

The Department of Economic Development (DED) is pleased to provide you with the Department's Fiscal Year 2013 Budget Proposal with Governor's Recommendations. The future of Missouri's citizens depends on the existence of high-paying career opportunities and strong communities. It is our job to lead efforts to accomplish these goals.

DED is committed to keeping Missouri businesses on the cutting edge through programs to ensure a ready supply of highly skilled and trained workers; to assist communities so that they may preserve and expand the quality of life for which Missouri is known; to support a business environment that offers competitive operating costs; and to support a physical and technological infrastructure with sufficient capacity to ensure continued growth and expansion.

If you should have any questions about the budget proposal or need additional information, please feel free to contact me at 751-4770.

Sincerely,

A handwritten signature in black ink, appearing to read "J. R. Hall". The signature is written over the word "Sincerely," and extends to the right of the text.

DEPARTMENT OF ECONOMIC DEVELOPMENT OVERVIEW

The Department of Economic Development is composed of various agencies that administer policy in the areas of community and economic development, workforce development and tourism; as well as agencies that administer their statutory requirements and work to safeguard public interest.

Programs managed by these agencies provide a wide array of services designed to enhance Missouri's economic growth in the 21st century. These services provide direct assistance to businesses and industries; communities and regions; and individuals and organizations by promoting economic and community development, as well as job creation and retention throughout the state.

The department consists of two distinct groups: development agencies and regulatory agencies. The department also has an administrative services division.

Development Agencies:

The Division of Business and Community Services (BCS) is divided into teams that provide essential functions toward meeting the mission to leverage our competitive advantages and deliver strong economic growth for Missouri through the following specified goals: job creation/capital investment; international export expansion, innovation economy development, and community improvement. The BCS sales, marketing, finance, compliance and research teams deploy expertise in a number of strategies to meet those goals including: new business attraction; existing business expansion and retention; community development; infrastructure development; redevelopment; and housing.

The Division of Workforce Development (DWD) provides vital services, including access to skill-building training and career connections for job seekers and human resources assistance and financial incentives for businesses. DWD's Industry Training Programs help create and retain jobs in Missouri by providing funding for businesses to train new and existing workers.

The Division of Tourism promotes Missouri as a premier tourist destination, while helping the state and local communities meet the changing trends in the travel/tourism industry.

The Missouri Arts Council provides financial assistance to nonprofit organizations across Missouri to encourage and stimulate economic and community growth and development through the arts.

The Missouri Housing Development Commission is the state's housing finance agency, providing for the financing, development and preservation of affordable housing for low- to moderate-income Missourians.

The Missouri Women's Council is charged to identify and address issues affecting the economic and employment status of women in Missouri.

The Missouri Development Finance Board provides development financing to assist infrastructure, economic development and business expansion and attraction projects throughout Missouri.

DEPARTMENT OF ECONOMIC DEVELOPMENT OVERVIEW (CONTINUED)

Regulatory Agencies:

The Office of the Public Counsel is Missouri's consumer advocate in the area of utility regulation and represents the interests of customers of investor-owned utilities in proceedings before and appeals from the Missouri Public Service Commission (PSC) and the courts, with a particular focus on residential and small business consumers who have no other representation. Through the Ombudsman for Property Rights, Public Counsel also provides guidance to individuals seeking information about the condemnation process.

The Missouri Public Service Commission is charged with the statutory responsibility of ensuring that public utility consumers receive safe and adequate services at just and reasonable rates that will provide the utility companies' shareholders the opportunity to earn a reasonable return on their investment. The PSC regulates the rates and practices of investor-owned gas, electric, water and sewer utilities, including safety, billing and quality of service. It has limited regulatory authority over investor-owned telephone companies. The PSC also administers safety standards for the rural electric cooperatives and municipal gas systems, maintains a registry of state video service providers and registers Voice-Over-Internet Protocol (VoIP) service providers. In addition, the PSC administers the provision of Relay Missouri service, which gives hearing-impaired citizens access to the telephone network. The Manufactured Housing Department is required by statute to annually register manufacturers and dealers of manufactured homes and modular units; prescribe and enforce uniform construction standards for manufactured homes and modular units sold in the state; and enforce manufactured home set-up and tie-down requirements.

Administrative Services Division:

The Administrative Services Division provides legal, public relation, legislative, financial, budget and human resource support to the department director, senior management staff and other divisions within the department.

2. CORE DESCRIPTION

The Research Team, better known as the Missouri Economic Research and Information Center (MERIC), performs data gathering, applied research, innovative analysis, and reporting to policymakers and the public. This research and analysis includes labor market trends, employment and unemployment, new business startups, wage analysis, and studies of the state's targeted industries and economic development initiatives. MERIC also works in cooperation with the U.S. Department of Labor to conduct research and produce information on economic conditions, reports and labor market information.

The Division of Business and Community Services (BCS) serves as a partner in the economic development professional community to facilitate the expansion of existing business in the State; to facilitate the location of new business to the State; and to facilitate the startup of new business in the State. The Division also serves as a partner with local governments, non-profits, community organizations, and private citizens to help develop and grow Missouri's communities. The services provided by BCS include professional technical assistance and project management; training; research; financial assistance; and compliance. A few of the ways BCS measures its success include measuring new jobs created, private investment, leverage, and efficiency of operations.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

1. What does this program do?

The Research Team, better known as the Missouri Economic Research and Information Center (MERIC), performs data gathering, applied research, innovative analysis, and reporting to policymakers and the public. This research and analysis includes labor market trends, employment and unemployment, new business startups, wage analysis, and studies of the state's targeted industries and economic development initiatives. MERIC also works in cooperation with the U.S. Department of Labor to conduct research and produce information on economic conditions reports and labor market information.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 620.010, RSMo, establishes the Department of Economic Development and its divisions. MERIC's federal funding from the U.S. Department of Labor comes from the Bureau of Labor Statistics and Employment and Training Administration (BLS). The BLS is authorized to collect labor market information pursuant to the 1884 statute (29 USC 1), an Act to Establish the Bureau of Labor, as amended. Section 14 of the Wagner-Peyser Act (29 USC 49 f(a)(3)(D)) authorizes the Secretary of Labor to reimburse the States to provide data for national statistical programs. In addition, both BLS and ETA cite the Workforce Investment Act of 1998 which amended the Wagner-Peyser Act by adding a new section 15, "Employment Statistics," which authorizes the Secretary of Labor to "...oversee the development, maintenance, and continuous improvement of a nationwide system of economic statistics..." as authorization for their programs.

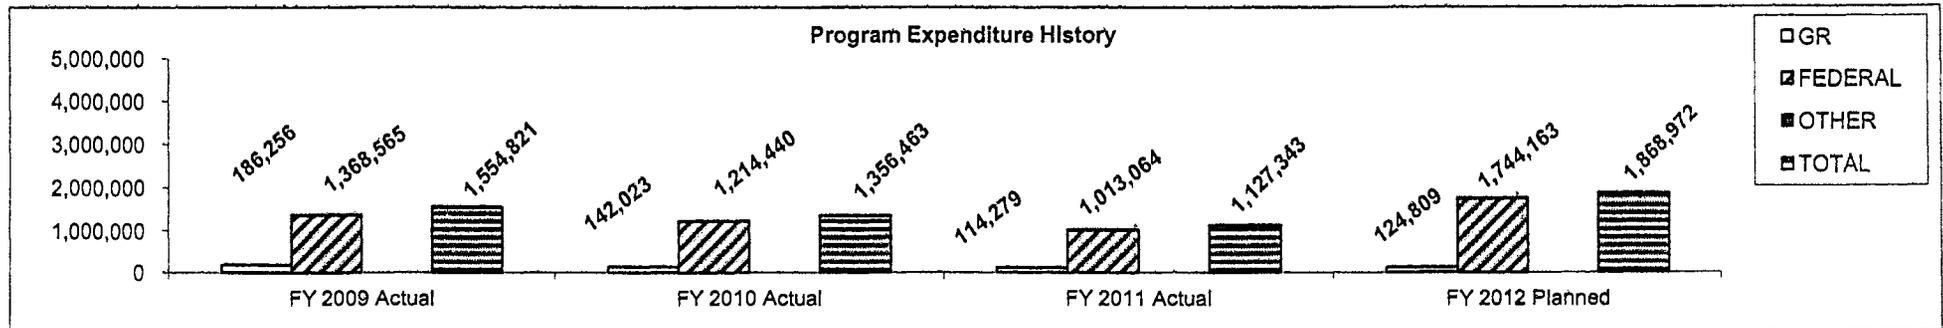

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

Yes. The BLS uses a cooperative agreement to fund cooperative statistical programs because of the agency's ongoing involvement in the programs, pursuant to the Federal Grant and Cooperative Agreement Act of 1977 (31 USC 6301-08). The specific statistical programs and program requirements funded through this LMI Cooperative Agreement are described in ongoing work statements with the states. In a similar fashion, ETA instructions for use of its funding are detailed to states in the annual Training and Employment Guidance Letter for the Workforce Information Core Products and Services Grant.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: FY2012 Planned Expenditures for GR reflects 3% Governor's Reserve and planned restrictions.

6. What are the sources of the "Other " funds?

N/A

2. CORE DESCRIPTION

Missouri is a great place to do business and it is the responsibility of the Marketing Team to promote and market Missouri in the in-state, national, and international marketplace. The number one goal of the Marketing Team is to make Missouri attractive for capital investment and the creation of quality jobs. The Marketing Team supports the Division of Business and Community Services (BCS) by providing all print advertising, publishing, videography, and other media production services. The team consists of professional graphic design artists, a videographer, event planners, and technical writers. In addition to creating marketing collateral materials aimed at the public, they support the other teams by designing and publishing applications, reports, and newsletters specific to the Division.

The Division serves as a partner in the economic development professional community to facilitate the expansion of existing business in the State; to facilitate the location of new business to the State; and to facilitate the startup of new business in the State. The Division also serves as a partner with local governments, non-profits, community organizations, and private citizens to help develop and grow Missouri's communities. The services provided by BCS include professional technical assistance and project management; training; research; financial assistance; and compliance. A few of the ways BCS measures its success include measuring new jobs created, private investment, leverage, and efficiency of operations.

7a. Provide an effectiveness measure (continued)

The Marketing Team performance can also be measured by output per hour of work. The value of output is derived from the hourly market rate charged for marketing research. Marketing in the private sector provides an output equal to \$61 per hour. The cost to the State for this hour of work is \$33, a savings of roughly \$28 per hour.

7b. Provide an efficiency measure.

The efficiency measure for the Marketing Team is a shared measure throughout the Division of Business and Community Services - Marketing, Sales, Finance, Compliance and Research Teams. The measure is the total dollar amount of financial incentives issued or awarded for the fiscal year divided by the total BCS operational budget for the fiscal year.

This New Decision Item is being requested to increase the spending authority for the International Promotions Revolving Fund to allow the Department of Economic Development (DED) to spend the MO STEP UP grant funds in order to help Missouri small businesses with exporting opportunities.

The Small Business Jobs Act of 2010 authorized the U.S. Small Business Administration to establish a 3-year trade and export promotion pilot program, known as the State Trade and Export Promotion (STEP) Grant Program, to make grants to states to carry out export programs that assist eligible small business concerns. The aim of the STEP Program is to increase the number of small businesses that are exporting and increase the value of exports for those small businesses that are currently exporting. STEP makes grants to states to carry out export programs that assist eligible small businesses. DED submitted a project plan and is currently awaiting final approval. The STEP Grant funding is critical to the success of the DED International Trade and Investment Office. The office is mandated to provide export and trade promotion assistance to small Missouri firms. The grant amount is expected to be approximately \$977,800.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

This request is based on the amount the DED expects to receive in the initial year of the grant. DED will need to apply again in years two and three for funding. Eligible activities include participation in foreign trade missions; foreign market sales trips; subscription to services provided by the Department of Commerce; website foreign language translation services; design of international marketing materials; trade show exhibitions; and participation in export and trade finance training workshops.

DED is requesting this new decision item to fund the salaries and expenses of the new staff.

The SBRFB ensures that Missouri state agency rules and regulations do not create an unfair burden for small businesses. SBRFB, working with small business owners throughout Missouri, ensures that the voice of small business is considered when state rules and regulations are created. SBRFB works with state departments and agencies to identify rules and regulations that place an unfair burden on small business owners and recommends alternatives that benefit all parties.

2. CORE DESCRIPTION

In 2007 the General Assembly authorized a new public/private partnership model with the purpose to bring new business and industry into Missouri. The Economic Development Advancement Fund allows the Department to contract for the services of a professional firm or organization to work with the DED and other economic development organizations at the state, regional and local levels to attract new companies and help advance Missouri's standing as an industrial leader. Services contracted for include: responding to requests for information and preparing proposals for the location of new business in the state; vetting available sites; locating new or available buildings; providing information on communities and workforce; identifying utility availability and cost; and facilitating meetings with state government agencies and potential strategic partners. Contracted duties also include marketing the state nationally and internationally in a manner that effectively produces new leads for business recruitment, including but not limited to, maintaining a working relationship with national site selection firms and, coordinating opportunities with DED overseas offices.

The contract provides for an integrated partnership with the Missouri Department of Economic Development, Division of Business and Community Services staff who oversee the business development incentives for the State. The private component of the initiative currently calls for matching private dollars to be contributed to the annual budget. This fund was created by the General Assembly and grants the DED the authority to collect a 2.5 percent fee from awardees on certain state tax credits issued in order to direct those fees to the fund and pay the costs of the contract.

2. CORE DESCRIPTION

The Innovation Center core reallocated into the Missouri Technology Corporation core appropriation in FY 2011 to provide stronger oversight and to achieve greater efficiency in the state's technology programs.

New innovations and technologies around our state are driving today's economy. Advanced technology companies create high-wage jobs with highly skilled workers that are important in promoting an environment for a higher quality of life. The Missouri Innovation Centers are a critical support structure for assistance to these advanced technology start-up companies. These centers provide services to entrepreneurs at the earliest stage in the development of promising high-growth, advanced-technology companies. With a unique public-private-academic partnership, each innovation center strategically collaborates with a university to stimulate technology transfer and commercialization of new technologies into the marketplace. The innovation centers are required to provide a one-to-one match to the state appropriation. Innovation centers are designated by the MTC with consent of the DED.

Program Name: Innovation Centers

Program is found in the following core budget(s): Innovation Centers

1. What does this program do?

The Missouri Innovation Center program created by 348.271, RSMo, is a critical support structure for assistance to technology start-up companies. The Centers provide services to entrepreneurs at the earliest stage in the development of promising high-growth technology companies. With a unique public-private-academic partnership, each Innovation Center strategically collaborates with a university to stimulate technology transfer and commercialization of new technologies into the marketplace. As required by 348.253.2, RSMo, Innovation Centers provide a 1:1 match from other funds.

The Centers are familiar with up-to-date business management and technology innovations and help businesses apply these innovations to increase profits. Innovation Center clients become a part of a network of state, federal, university and private resources designed to develop and support high-growth businesses. Innovation Centers work with entrepreneurs by providing services such as helping to develop sound business growth models, obtain financing, find appropriate incubator office and research space, develop marketing plans, networking opportunities, and research connections with universities. These clients may be in the form of tenants of an incubator in the traditional sense, or they may be clients that need the in-depth services of our innovation centers, but do not need the real estate of the incubator.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 348.271, RSMo., Centers for Advanced Technology - Innovation Centers to be established to develop new technology-based businesses.

2. CORE DESCRIPTION

The Missouri Manufacturing Extension Partnership (MEP) reallocated into the Missouri Technology Corporation in FY 2011 to provide stronger oversight and to achieve greater efficiency in the state's technology programs. The MEP program is a federal program funded through the U.S. Department of Commerce. The program requires both a state and private match in order to receive the federal dollars. Private funds are generated through fees assessed to clients for services provided by the MEP program.

MEP is the only economic development program in the state of Missouri that provides business and technical assistance to the state's small and medium size manufacturers. This assistance enables small and medium size manufacturing companies to become and remain competitive in order to retain existing jobs and create new jobs. MEP is a public-private partnership with a number of strategic partners, including the U.S. Department of Commerce, the Missouri Department of Economic Development and the University of Missouri System. The organization is composed of experienced manufacturing professionals which bring a spectrum of tools to Missouri companies including: Quality Management Systems, manufacturing improvements, product development, environmental programs, information technology, business and strategic management, marketing, and human resources.

PROGRAM DESCRIPTION

Department: Economic Development

Program is found in the following core budget(s): Missouri Manufacturing Extension Partnership

1. What does this program do?

The Missouri Manufacturing Extension Partnership (MEP) is the only economic development program in the state of Missouri that provides business and technical assistance to the state's small and medium size manufacturers. This assistance enables small and medium sized manufacturing companies to become and remain competitive in order to retain existing jobs and create new quality jobs. MEP is a public-private partnership with a number of strategic partners, including the U.S. Department of Commerce, the Missouri Department of Economic Development and the University of Missouri System. The organization is composed of experienced manufacturing professionals which bring a spectrum of tools to Missouri companies, including: Quality Management Systems; manufacturing improvements, product development, environmental programs, information technology, business and strategic management, marketing, and human resources.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

15 USC 278K Title 15 Commerce and Foreign Trade, Chapter 11 National Institute of Standards and Technology, Part 290.

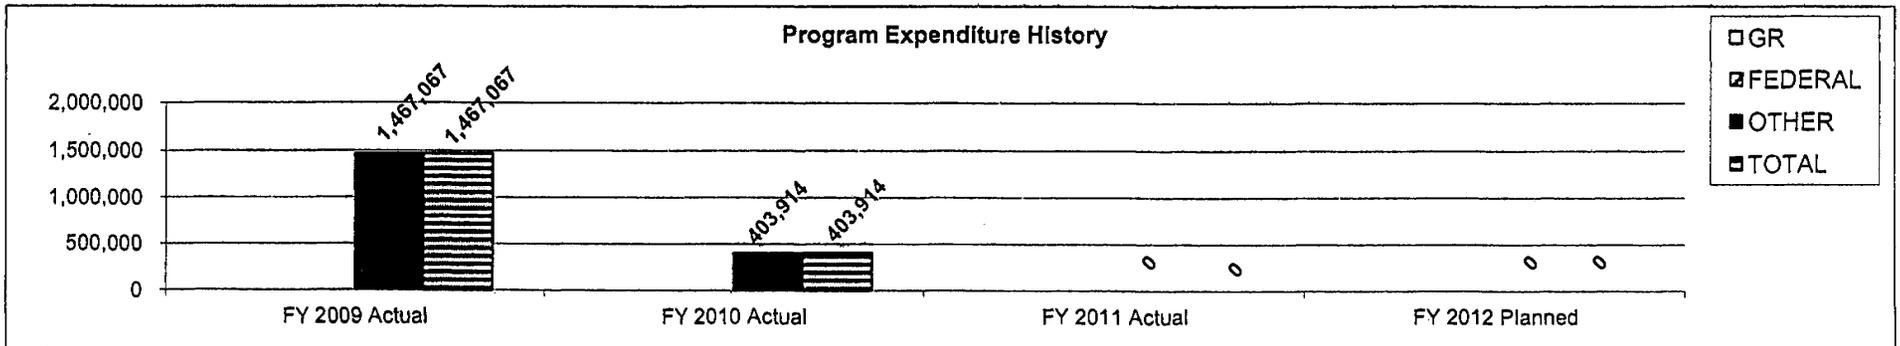

3. Are there federal matching requirements? If yes, please explain.

Yes. The U.S. Department of Commerce provides federal funding. The program is designed to form a federal/state/private partnership that results in leveraging public funding sources on a two to one basis. Ideally, the federal and state funding levels will be equal each year, with an equal amount of client fees generated. However, due to cuts in federal and state funding the percentage of private match has slowly increased.

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

PROGRAM DESCRIPTION

Department: Economic Development

6. What are the sources of the "Other" funds?

Expenditures reflected are from Missouri Technology Investment Fund, which receives its revenue from a General Revenue transfer. The MEP program funds match the State GR funds with Federal funds from NIST/Department of Commerce and through private funds generated by client fees. Expenditures from Federal and Other Funds do not run through the State Treasury and include the following amounts in the respective fiscal years: FY 2008 Federal \$2,109,748 and Private \$2,308,715; FY 2009 Federal \$2,109,748 and Private \$2,535,304 and FY 2010 Federal \$2,109,748 and Private \$1,822,297.

2. CORE DESCRIPTION

Missouri Federal and State Technology Partnership (MOFAST) core reallocated into the Missouri Technology Corporation core appropriation in FY 2011 to provide stronger oversight and to achieve greater efficiency in the state's technology programs.

MOFAST is administered through the University of Missouri. MOFAST was a federally funded pilot program that moved Missouri from 39th to 27th in the nation in attracting Small Business Innovative Research (SBIR) research and development grants. The federally funded pilot effort ended in recent years, however, Missouri continues to fund the program in a partnership between the University of Missouri and the Department of Economic Development. Technology entrepreneurship will help grow Missouri's industries of tomorrow and provide opportunities to create high quality jobs for Missouri's citizens.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Missouri Federal and State Technology Partnership Program

Program is found in the following core budget(s): Missouri Federal and State Technology Partnership Program (MOFAST)

1. What does this program do?

This item funds several MOFAST counselors located in Columbia, St. Louis, Kansas City and Rolla/Springfield who provide counseling to startup businesses and small Missouri technology businesses in order to bring government research and development awards to Missouri small businesses. These staff help Missouri small technology businesses seek out, apply for and win government Small Business Innovative Research (SBIR) awards that will provide grant money to develop and potentially commercialize innovations. The federal SBIR program was initiated in 1982 and has four goals: (1) stimulate technological innovation; (2) partner with small businesses to meet federal research and development needs; (3) encourage the participation of disadvantaged businesses and minority-owned firms in technological innovation; and (4) increase private sector commercialization derived from federal research and development funding. Awards of the SBIR grants to Missouri small businesses help keep the technology and the proceeds from its commercialization in the state. MOFAST helps Missouri companies become aware and understand the federal SBIR grant program and provide assistance in preparing successful proposals.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Missouri Small Business Development Center Fund established in 620.1001.

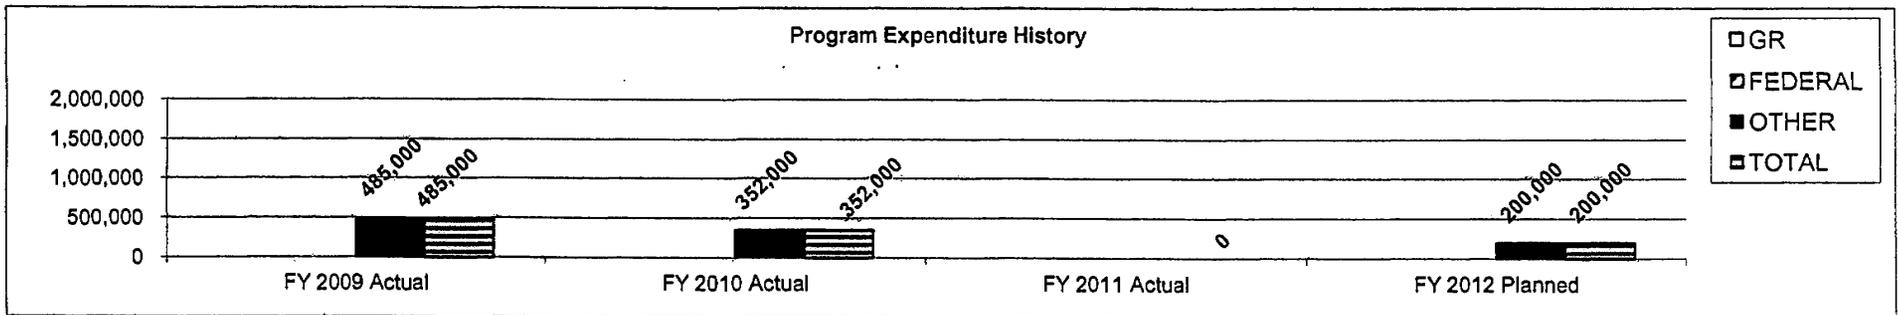

3. Are there federal matching requirements? If yes, please explain.

Yes, every state dollar is matched with \$2 of federal and local match.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: FY2010 Actual Expenditures reflects restriction.

Governor Nixon signed MOSIRA into law on October 21, 2011 and the bill takes effect on February 4, 2012. MOSIRA creates a long-term funding source that, among other goals, grows the Missouri economy through science and innovation. Accordingly, MOSIRA establishes the Missouri Science and Innovation Reinvestment Fund, which consists of funds generated pursuant to the MOSIRA gross wage formula, other funds appropriated to it by the General Assembly, and certain other sources. The Missouri Technology Corporation will administer MOSIRA funds via loans and other means in order to generate further economic growth in the science and innovation industry sectors. Funding will be invested in a wide range of programs designed to create jobs, nurture start-ups, and bring science and technology companies to the state.

2. CORE DESCRIPTION

This core decision item establishes the spending authority from the BEST fund.

This program, also known as the Urban Enterprise Loan program, assists Missouri small business entrepreneurs with the creation, expansion and retention of their business enterprises located in the St. Louis and Kansas City urban areas. The Missouri Department of Economic Development (DED) administers bids to contract with one lending institution in each urban area in order to provide low interest loans to eligible applicants. To be eligible for the program, the applicant must be a for-profit business located within the designated urban areas (St. Louis or Kansas City). Despite several attempts, DED has been unsuccessful in locating and partnering with an administrative entity in Kansas City.

Funds may be used to start a new business; purchase business equipment, inventory, working capital, acquisition of business assets or other expansion purposes of the existing business. It may also be used to provide an equity match for leveraging a commercial loan, secure lines of credit or secure gap financing from a conventional commercial lender. They may not exceed 50% of the entrepreneurs' total financial need. Funds may not be used to retire other debt, for owner(s) salary or as a down payment on real estate. Also, funds may not be used for the payment of taxes, employee withholding, intra-state relocations, buyouts of existing

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Community Development Block Grant Program

Program is found in the following core budget(s): CDBG Program, Marketing, Sales, Finance, Compliance, Administrative Services

1. What does this program do?

This federally-funded program provides grants to non-entitlement cities and counties for community development activities that: (1) benefit at least 51% low and moderate income persons; (2) eliminate slum and blight; or (3) meet urgent threats to health and safety. Typical projects include infrastructure expansion and improvements (water, sewer, bridge, street, drainage); downtown revitalization; housing rehabilitation; Americans with Disabilities Act accessibility improvements; and community facility projects (senior centers, day care, Sheltered Workshop, community centers).

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

42 USC Section 5301 et. Seq., 24 CFR Part 570, and the Missouri Consolidated Plan submitted to the US Department of Housing and Urban Development.

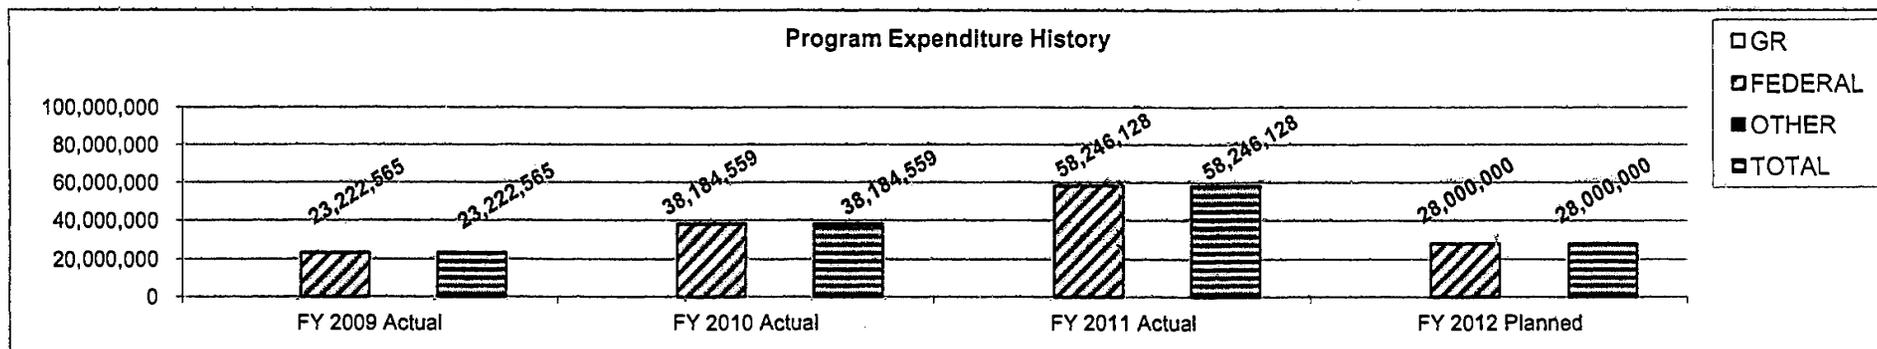

3. Are there federal matching requirements? If yes, please explain.

\$1 for \$1 match required for a portion of the administrative funds. The applicable administrative funds equal 2% of the total appropriation. Soft costs are an eligible match.

4. Is this a federally mandated program? If yes, please explain.

The program is a formula block grant provided to the State of Missouri; 70% of which is provided to the entitlement cities, 30% of which is provided to the non-entitlement balance of the state. That 30% portion is administered by DED.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: FY2010 and FY2011 Actual includes Supplemental Disaster Funding and Neighborhood Stabilization Funding.

6. What are the sources of the "Other " funds?

PROGRAM DESCRIPTION

Program Name: Community Development Block Grant Program
Program is found in the following core budget(s): CDBG Program, Marketing, Sales, Finance, Compliance, Administrative Services

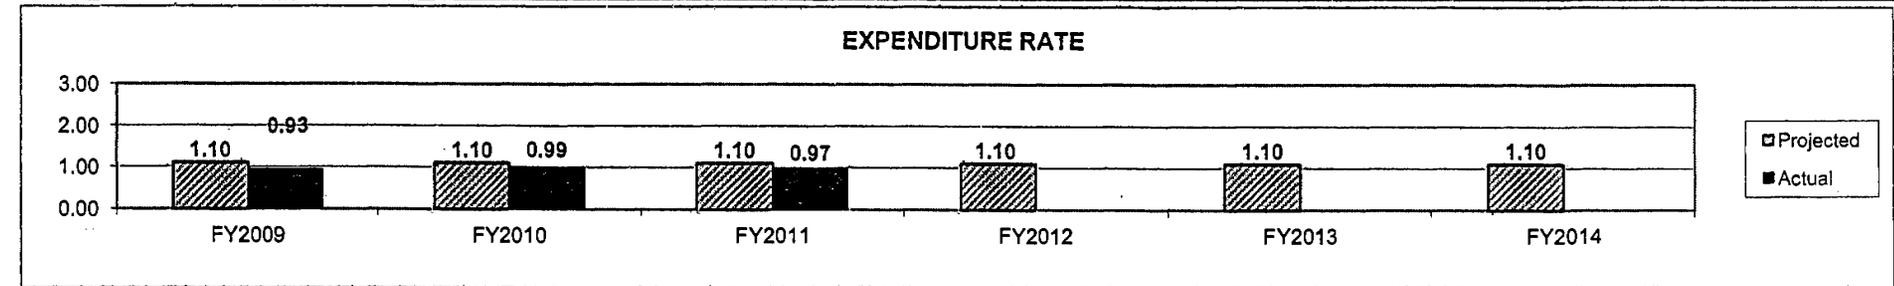

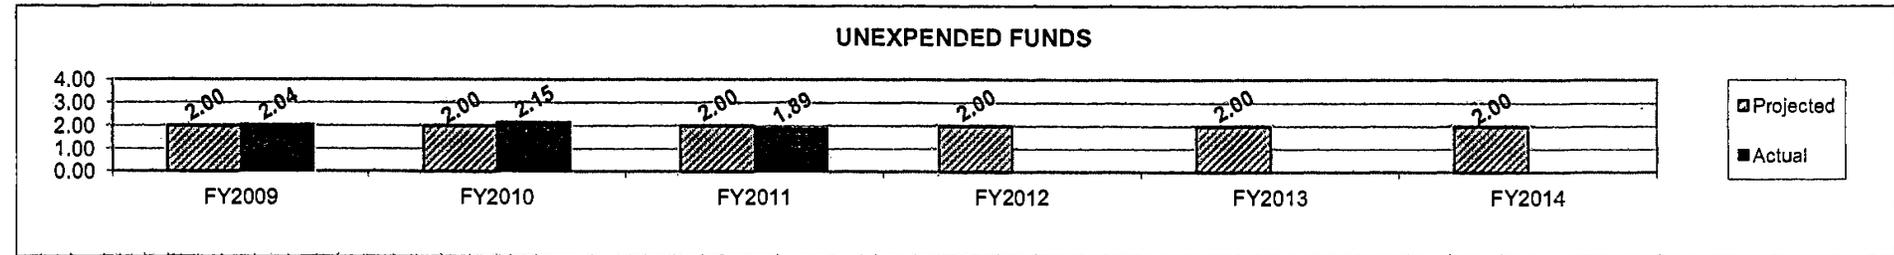

7a. Provide an effectiveness measure.

Federal regulations require a minimum of 70% of the appropriation be dedicated to benefiting 51% low and moderate income persons. Missouri CDBG typically exceeds this measure. The exception is a waiver that was requested to allow for response to the tornadoes of May 2003 without regard to income. This waiver allows the state to meet the minimum requirement of 70% aggregated over a three year period.

7b. Provide an efficiency measure.

HUD recommends, although there is as yet no mandate, that states maintain an annual expenditure rate that is at least equal or higher than the state's annual CDBG allocation. It is also recommended that the states expend CDBG funds at a rate that is at least equal or higher than the state's annual CDBG allocation. It is also recommended that the states expend CDBG funds at a rate that leaves an unexpended balance in the U.S. Treasury of less than 2.5 times a state's annual allocation. On an annual basis, Missouri is within each of these recommended ratios.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This New Decision Item Request is needed to provide spending authority for a federal grant program titled the Missouri Disaster Case Management Program (DCMP). DCMP is a federally-funded program administered by the Department of Homeland Security's FEMA in partnership with the U.S. Department of Health and Human Services. In the event of a presidentially declared disaster the Governor of the impacted state may request DCMP through a federal grant.

This program, if funded, will allow DED to contract with a Management Agency, who will then subcontract with provider agencies to initiate disaster case management relating to the natural disaster's that occurred in Missouri during the spring/summer of 2011 under DR-1980-MO. Disaster Case Managers (DCMs) will assist individuals and families affected by disaster to recover to a reasonable level of self-sustainability through the development of a recovery plan. DCMs will work with survivors/families to understand their experience related to the disaster, identify the assistance already received and determine the disaster-related needs remaining. A need the survivor cannot resolve for themselves that is a direct result of the disaster and is not a pre-existing condition or ongoing social issue is considered to be a disaster-caused unmet need. The survivor/family will work with a DCM to develop an Individual or Household Recovery Plan. The DCM will work to locate existing resources in the community to address the needs identified in the plan.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

We are requesting the New Decision item to establish spending authority for the DCMP in the amount of \$10,000,000. This request is based on the amount of federal dollars the DED expects to receive. It is a 2 year grant with the start date of May 22, 2011. We are requesting one FTE, an Economic Development Incentive Specialist III position, who will be responsible for the administration of the grant, oversee the contract with the Management Agency, and manage the program in general.

2. CORE DESCRIPTION

The State Small Business Credit Initiative (SSBCI) Act of 2010 appropriated funds to be disbursed by the U.S. Department of Treasury to states that have created programs to increase the amount of private capital made available to small businesses and to cover reasonable administrative expenses. The State of Missouri was approved to receive an allocation of \$26.9 million through the Department of Economic Development, which will implement the program to assist Missouri small businesses in accessing credit and venture capital to create jobs for Missourians. Missouri's approved plan dedicates \$16.9 million to establish the high-tech Missouri Innovation, Development and Entrepreneurial Advancement (IDEA) seed and venture capital funds and \$10 million to the Grow Missouri Loan Participation Fund.

PROGRAM DESCRIPTION

Department: Economic Development
Program Name: State Small Business Credit Initiative (SSBCI)
Program is found in the following core budget(s):

1. What does this program do?

The State Small Business Credit Initiative (SSBCI) Act of 2010 appropriated funds to be disbursed by the U.S. Department of Treasury to states that have created programs to increase the amount of private capital made available to small businesses and to cover reasonable administrative expenses. The State of Missouri was approved to receive an allocation of \$26.9 million through the Department of Economic Development, which will implement the program to assist Missouri small businesses in accessing credit and venture capital to create jobs for Missourians. Missouri's approved plan dedicates \$16.9 million to establish the high-tech Missouri Innovation, Development and Entrepreneurial Advancement (IDEA) seed and venture capital funds and \$10 million to the Grow Missouri Loan Participation Fund. The IDEA program funds four targeted programs: (1) Missouri TechLaunch designed to help high-tech Missouri entrepreneurs overcome the principal challenges of launching new technology start-ups; (2) Seed Capital Co-Investment designed to accelerate private investment in Missouri technology startups; (3) High-Tech Industrial Expansion designed to support industrial expansion efforts in Missouri that result in significant capital investment and high-paying jobs in targeted high-tech clusters; and (4) Venture Capital Co-Investment designed to accelerate private investment in Missouri technology early-stage companies and to increase the overall investment impact. The Grow Missouri Loan program seeks to provide a flexible loan to targeted companies in order to facilitate the complete funding of the project.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Title III of the Small Business Jobs Act of 2010, Public Law 111-240, 124 Stat. 2568, 2582

PROGRAM DESCRIPTION

Department: Economic Development
Program Name: Youth Opportunities and Violence Prevention Program
Program is found in the following core budget(s): Youth Opportunities and Violence Prevention

1. What does this program do?

This fund allows for the receipt of private donations and/or federal funds to be spent on the positive development of Missouri's at-risk youth. This allows for appropriation authority in the event that any such funds are received. The fund has a zero balance. Programming, if funds are made available, would allow opportunities for grant awards to not-for-profit organizations which specialize in youth development. Funds would support the costs of programming directed at lowering crime rates, increasing education attainment rates, and allowing structured activities in which youth may participate.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 620.1100 RSMo.

Membership in the Delta Regional Authority (DRA) requires the states to share in 50% of the annual costs of administration attributed to the operation of the DRA offices in Clarksdale, Mississippi. The "dues" allow us to continue to receive, as a member state, the allocation of federal funds which we can distribute to eligible public applicants from the 29 counties in southeast Missouri that make up our share of the federally recognized delta. PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Missouri Downtown Economic Stimulus Act (MODESA)

Program is found in the following core budget(s): Missouri Downtown Economic Stimulus Act (MODESA)

1. What does this program do?

The program provides for a diversion of a combination of state sales tax and employment withholding tax to local MODESA authorities establishing a local fund for the purpose of financing approved redevelopment projects. The state tax participation is net new taxes (increment) produced as a result of an approved redevelopment activity. The program limits these activities to downtown central business districts and is intended to offer financing to revitalize many Missouri downtowns. The local authority has the statutory capacity to sell bonds for infrastructure improvements. The increment helps pay the annual debt service on the bonds.

MODESA Project Included in Performance Measures: (1) Kansas City Live! - a project to restore/rebuild eight city blocks (approx 425,000 sq. feet) in the south central part of downtown KC to consist of specialty retail establishments and loft housing.

2. CORE DESCRIPTION

This core decision item establishes the spending authority for the Missouri Rural Economic Stimulus Program (MORESA). This program is designed to use increment financing to support two specific types of development projects: renewable fuel production facilities and eligible new generation processing facilities. Tax increment financing captures state economic activity taxes generated as a result of planned redevelopment activities within a prescribed area. The net new taxes generated are captured in accordance with the law for approved projects and used to pay the debt service on bonds issued for eligible redevelopment costs. Those costs include public infrastructure necessary to generate reuse of the properties.

This request is an increase in the spending authority of the Hero at Home Fund. The Hero at Home program was created in statute and connects National Guard and reservists returning from deployment with workforce services. The NDI will enable a new *on-the-job training (OJT)* component to the workforce services under the Hero at Home program. Employers would hire returning National Guard, reservists and recently separated active duty personnel and pay them during the OJT period -- with the Hero At Home program reimbursing the employer for 50% of those wages – thus requiring the participating employers to only pay half the wages during the contracted OJT period. The NDI, along with proposed legislative changes, will make Hero at Home a more in-demand and impactful tool to facilitate the

2. CORE DESCRIPTION

This core decision item establishes the spending authority for the Missouri Job Development Fund. The Missouri Job Development Fund provides training funds to eligible businesses to train workers. This helps Missouri businesses have a productive, highly trained workforce. Assistance is available for workers in newly created jobs, but the bulk of the funds is used to retrain or upgrade the skills of existing workers due to changing technology. This is a valuable retention tool and helps to keep jobs in the state.

This fund also provides salary and expense and equipment for 8 FTE that can be found in the Workforce Administration core under "Other". The Personal Service amount is \$371,707 and the Expense and Equipment amount is \$81,389. The 8 FTE provide support for the Missouri Job Development Fund, Community College New Jobs Training Program and the Job Retention Training Program.

2. CORE DESCRIPTION

The Job Retention Training Program offers an incentive for the retention of existing jobs by providing education and training to existing industries. The program targets companies with plans to move outside the state to find skilled labor by providing training assistance for workers to increase their skill level. The funding is generated from the withholding tax on retained jobs. DED/DWD must have this appropriation authority to disseminate money to the trustees to retire the bonds. There is a \$45 million cap on the amount of outstanding certificates for this program, so it is estimated that at least \$10 million is required to handle that debt load (Section 178.983, RSMo.)

Reverted includes Governor's standard 3 percent reserve (when applicable) and any extraordinary withholdings.

Notes: (1-3) Unexpended funds are caused by 2 factors. First, it is impossible to project how much money a company will need upfront in withholding. Withholding claimed is based on the number of retained jobs and wages which can vary month-to-month. This in turn affects the amount of funds expended. Secondly, the unexpended portion is reserved for outstanding commitments made to companies for projects that have not finalized yet.

Program is found in the following core budget(s): Women's Council

1. What does this program do?

The Council acts as an informational, referral and resource service provider for women in the state of Missouri. The services provided by the Council help Missouri women achieve economic self-sufficiency by providing information to governmental programs, organizations and associations which provide education, training and leadership opportunities as well as partnering with other agencies to promote awareness of women's health related issues. The Women's Council provides information through several resource documents including the Self Sufficiency Standard Plan, the Women's Resource Guide and Fact Sheets that are available in both print version and can be downloaded from the Women's Council website. In addition, the Women's Council provides information by acting as a telephone and email conduit and by providing historical data on the input women have had on the state of Missouri through the Missouri Women's Council History Exhibit. The Council also sends an E-newsletter entitled the "Women's Edition" to over 6,000 individuals each month including Missouri Minority Business Enterprise (WBE Program) certified businesses.

In addition, the Women's Council helps women with the certification process in the Minority/Women Business Enterprise (M/WBE Program). This program provides greater opportunities for minority and women owned businesses to be eligible for benefits such as supportive services, technical and nontechnical assistance, and the opportunity to better access State-aid contracting programs.

The Women's Council established the annual "Award of Distinction" to recognize, honor, and celebrate women and organizations that have helped shape Missouri and continue to contribute their talents and skills to improve and enhance the quality of life for women.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)
