## Executive Budget Narrative

### ADMINISTRATION

The State Treasurer is responsible for receiving and investing state moneys, posting receipts to the proper funds, and signing warrants drawn according to law. As custodian of those funds, the State Treasurer determines the amount of state moneys not needed for current operating expenses and invests those funds in interest-bearing time deposits in Missouri financial institutions or in short-term United States government obligations or other instruments as provided by Article IV, Section 15 of the Missouri Constitution. Safety is the State Treasurer's number one priority in the investment of the public's funds. The State Treasurer monitors capital markets and works to maximize the return on the state's \$3.6 billion portfolio without compromising safety, earning the state millions of dollars in interest income each year.

In 2009, State Treasurer Zweifel worked with the banking community and various groups to pass his job creation package, *INVEST IN MISSOURI*. The *INVEST IN MISSOURI* legislation incorporated changes to statutes pertaining to time deposits, with the most significant change being the state is receiving a market rate on time deposits for the first time in 50 years. The statutory change is earning taxpayers increased returns and those will continue to grow as this law is fully implemented. This legislation also made major changes to the Missouri Linked Deposit Program including expanding eligibility criteria for the farm operations and small business programs, creating new programs for local governments and alternative energy consumers and incorporating other modifications to create jobs and reinvest in Missouri communities. Under the Missouri Linked Deposit Program, the State Treasurer places deposits in Missouri financial institutions at a discount of up to three percent below market rate, and the financial institutions pass on the interest rate reduction to qualified borrowers under either-the agricultural, job creation, small business, alternative energy, local governments or other authorized categories.

The State Treasurer is also responsible for all banking services for the state and is responsible for authorizing all state payments and reconciling those accounts. The State Treasurer establishes bank accounts for the collection of state moneys and for the receipt of all electronic payments. To protect taxpayers' money, the State Treasurer maintains a separate accounting system to provide a check and balance on the Office of Administration accounting system, and distributes investment earnings to the proper funds.

Additionally, the State Treasurer administers the state's unclaimed property law by collecting unclaimed or abandoned funds and property belonging to Missouri citizens and trying to locate the owners.

#### ISSUING DUPLICATE AND OUTLAWED CHECKS

These functions allow for the replacement of state issued checks in the event they are not presented for payment within the legally required 12-month time frame.

#### ABANDONED FUND ACCOUNT

In accordance with Section 447.543, RSMo, the abandoned fund account receives funds that have remained unclaimed for a period of five years and makes the payment of valid claims. Any time the fund exceeds 1/12 of the previous fiscal year's disbursements, the State Treasurer may, and at least once every year shall, transfer the excess to general revenue. If verified claims for payment should reduce the balance in the account to less than 1/12 of the previous fiscal years disbursements, the State Treasurer shall transfer from general revenue an amount sufficient to restore the fund to 1/12 of the previous fiscal year's disbursements.

#### LINKED DEPOSIT REFUNDS

The Missouri Linked Deposit Program encourages economic growth and development in Missouri. It enables the state to provide reduced rate deposits to financial institutions that result in low-interest loans to eligible borrowers, as specified in Section 30.750, RSMo. The State Treasurer places a linked deposit with an eligible lending institution at up to three percent below market rate, provided that institution agrees to lend the value of the deposit to qualified borrowers at below the current borrowing rate. If the lending institution does not loan the full amount of the deposit, the institution must pay to the state the additional amount up to three percent discounted by the agreement. If a subsequent audit or review uncovers an overpayment error in the calculation of additional interest due, a refund must be made to the lending institution.

## TIME DEPOSITS

*INVEST IN MISSOURI* phases out, over five years, the statutory interest rate cap that ties state time deposits to the return of short-term U.S. Treasury securities. Removing the restrictive cap will allow the state to receive a yield closer to the rates offered by banks to an individual, business or any other government entity in Missouri. The change is resulting in extra investment returns to taxpayers that will continue to increase as the cap is fully phased out by law. The phase out began January 1, 2010, and will be fully implemented January 1, 2014.

**2. CORE DESCRIPTION**

Any person who fails to present a state check or draft for payment 12 months from the date of issuance may (by law) receive a duplicate check or an outlawed replacement check if more than five years has lapsed since the original check's issue date, provided the void check is returned to the Office of the Missouri State Treasurer (STO) or a notarized statement is filed with the STO indicating that the check was lost or destroyed.

Due to the uncertainty of the number and dollar amount of outlawed and duplicate check requests that may be presented in any given year, the STO is requesting an open-ended appropriation for issuing duplicate and outlawed checks.

**2. CORE DESCRIPTION**

The Office of the Missouri State Treasurer (STO) is obligated to issue a check to the rightful owner of unclaimed property in accordance with Missouri Statutes.

Due to the difficulty in estimating claims for any given fiscal year, and to prevent any delay in processing payments of claims to the rightful owners, the STO is requesting an open-ended appropriation specifically for payment of claims.
