END OF PART TWO: SCOPE OF WORK

3. GENERAL CONTRACTUAL REQUIREMENTS:

This section of the RFQ includes the general contractual requirements and provisions that shall govern the contract after RFQ award. The contents of this section include mandatory provisions that must be adhered to by the state and the contractor unless changed by a contract amendment. Response to this section by the vendor is not necessary as all provisions are mandatory.

3.1 Contractual Requirements:

- 3.1.1 Contract - A binding contract shall consist of: (1) the RFQ and any amendments thereto, (2) the contractor's response (bid) to the RFQ, (3) clarification of the bid, if any, and (4) the Department's acceptance of the response (bid) by "notice of award". All Exhibits and Attachments included in the RFQ shall be incorporated into the contract by reference.
- a. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the Department.
 - b. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein.
 - c. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Department prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.
- 3.1.2 Contract Period - The original contract period shall be as stated on the Notice of Award. The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period. The Department shall have the right, at its sole option, to renew the contract for two (2) additional one-year periods, or any portion thereof. In the event the Department exercises such right, all terms and conditions, requirements and specifications of the contract shall remain the same and apply during the renewal period, pursuant to applicable option clauses of this document.
- 3.1.3 Renewal Periods - If the option for renewal is exercised by the Department, the contractor shall agree that the prices for the renewal period shall not exceed the maximum percent of increase for the applicable renewal period stated on the Pricing Page of the contract.
- a. If renewal percentages are not provided, then prices during renewal periods shall be the same as during the original contract period.
 - b. In addition, the contractor shall understand and agree that any renewal period increases specified in the contract are not automatic. At the time of contract renewal, if the state determines funding does not permit the specified renewal pricing increase or even a portion thereof, the renewal pricing shall remain the same as during the previous contract period. If such action is rejected by the contractor, the contract may be terminated, and a new procurement process may be conducted. The contractor shall also understand and agree the state may determine funding limitations necessitate a decrease in the contractor's pricing for the renewal period(s). If such action is necessary and the contractor rejects the decrease, the contract may be terminated, and a new procurement process may be conducted.

- 3.1.4 **Contract Price** - All prices shall be as indicated on the Pricing Page. The state shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.
- a. Prices shall include all packing, handling, shipping and freight charges FOB Destination, Freight Prepaid and Allowed. The State of Missouri shall not make additional payments or pay add-on charges for freight or shipping unless specifically described and priced in the bid, or as otherwise specifically stated and allowed by the RFQ.
- 3.1.5 **Termination** - The Department reserves the right to terminate the contract at any time, for the convenience of the State of Missouri, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive compensation for services and/or supplies delivered to and accepted by the State of Missouri pursuant to the contract prior to the effective date of termination.
- 3.1.6 **Contractor Liability** - The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act.
- a. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.
 - b. The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.
 - c. Under no circumstances shall the contractor be liable for any of the following: (1) third party claims against the state for losses or damages (other than those listed above); or (2) economic consequential damages (including lost profits or savings) or incidental damages, even if the contractor is informed of their possibility.
- 3.1.7 **Insurance** - The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. General and other non-professional liability insurance shall include an endorsement that adds the State of Missouri as an additional insured. Self-insurance coverage or another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable and the State of Missouri is protected as an additional insured.
- a. In the event the insurance coverage is canceled, the Department must be notified within thirty (30) calendar days.
- 3.1.8 **Subcontractors** - Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the State of Missouri and to ensure that the State of Missouri is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the State of Missouri and the contractor.

- a. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract.
- b. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein.
- c. The contractor must obtain the approval of the State of Missouri prior to establishing any new subcontracting arrangements and before changing any subcontractors. The approval shall not be arbitrarily withheld.
- d. Pursuant to subsection 1 of section 285.530, RSMo, no contractor or subcontractor shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. In accordance with sections 285.525 to 285.550, RSMo, a general contractor or subcontractor of any tier shall not be liable when such contractor or subcontractor contracts with its direct subcontractor who violates subsection 1 of section 285.530, RSMo, if the contract binding the contractor and subcontractor affirmatively states that:
 - 1) The direct subcontractor is not knowingly in violation of subsection 1 of section 285.530, RSMo, and shall not henceforth be in such violation.
 - 2) The contractor or subcontractor receives a sworn affidavit under the penalty of perjury attesting to the fact that the direct subcontractor's employees are lawfully present in the United States.

3.1.9 Participation by Other Organizations: The contractor must comply with any Organization for the Blind/Sheltered Workshop participation levels committed to in the contractor's awarded bid.

- a. The contractor shall prepare and submit to the Department a report detailing all payments made by the contractor to Organizations for the Blind/Sheltered Workshops participating in the contract for the reporting period. The contractor must submit the report on a monthly basis, unless otherwise determined by the Department.
- b. The Department will monitor the contractor's compliance in meeting the Organizations for the Blind/Sheltered Workshop participation levels committed to in the contractor's awarded bid. If the contractor's payments to the participating entities are less than the amount committed, the state may cancel the contract and/or suspend or debar the contractor from participating in future state procurements, or retain payments to the contractor in an amount equal to the value of the participation commitment less actual payments made by the contractor to the participating entity. If the Department determines that the contractor becomes compliant with the commitment, any funds retained as stated above, will be released.
- c. If a participating entity fails to retain the required certification or is unable to satisfactorily perform, the contractor must obtain other organizations for the blind/sheltered workshops to fulfill the participation requirements committed to in the contractor's awarded bid.
 - 1) The contractor must obtain the written approval of the Department for any new entities. This approval shall not be arbitrarily withheld.
 - 2) If the contractor cannot obtain a replacement entity, the contractor must submit documentation to the Department detailing all efforts made to secure a replacement. The Department shall have sole discretion in determining if the actions taken by the contractor constitute a good faith effort to secure the required participation and whether the contract will be amended to change the contractor's participation commitment.

- 3.1.10 No later than 30 days after the effective date of the first renewal period, the contractor must submit an affidavit to the Department. The affidavit must be signed by the director or manager of the participating Organizations for the Blind/Sheltered Workshop verifying provision of products and/or services and compliance of all contractor payments made to the Organizations for the Blind/Sheltered Workshops. The contractor may use the affidavit available on the Office of Administration/Division of Purchasing and Materials Management's website at <http://oa.mo.gov/sites/default/files/bswaffidavit.doc> or another affidavit providing the same information.
- 3.1.11 Authorized Personnel: The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.
- a. If the contractor is found to be in violation of this requirement or the applicable state, federal and local laws and regulations, and if the State of Missouri has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the state shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar the contractor from doing business with the state.
 - b. The contractor shall agree to fully cooperate with any audit or investigation from federal, state, or local law enforcement agencies.
- 3.1.12 Contractor Status - The contractor is an independent contractor and shall not represent the contractor or the contractor's employees to be employees of the State of Missouri or a Department of the State of Missouri. The contractor shall assume all legal and financial responsibility for salaries, taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the State of Missouri, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters.
- 3.1.13 Coordination - The contractor shall fully coordinate all contract activities with those activities of the Department. As the work of the contractor progresses, advice and information on matters covered by the contract shall be made available by the contractor to the Department or the Department throughout the effective period of the contract.
- 3.1.14 Confidentiality:
- a. The contractor shall agree and understand that all discussions with the contractor and all information gained by the contractor as a result of the contractor's performance under the contract shall be confidential and that no reports, documentation, or material prepared as required by the contract shall be released to the public without the prior written consent of the Department.
 - b. If required by the Department, the contractor and any required contractor personnel must sign specific documents regarding confidentiality, security, or other similar documents upon request. Failure of the contractor and any required personnel to sign such documents shall be considered a breach of contract and subject to the cancellation provisions of this document.
- 3.1.15 Contractor Equipment Use:
- a. Title to any equipment required by the contract shall be held by and vested in the contractor. The State of Missouri shall not be liable in the event of loss, incident, destruction, theft, damage, etc. It shall be the contractor's sole responsibility to obtain insurance coverage for such loss in an amount that the contractor deems appropriate.
 - b. Liability - The contractor shall agree that the State of Missouri shall not be responsible for any liability incurred by the contractor or the contractor's employees arising out of the ownership, selection,

possession, leasing, rental, operation, control, use, maintenance, delivery, return, and/or installation of equipment provided by the contractor, except as otherwise provided in the contract.

- 3.1.16 The contractor shall not perform any work under the contract that by Missouri law (section 290.250, RSMo) requires prevailing wage. The contractor must notify the Department if any requested work would involve prevailing wage; the Department shall then arrange for said work outside the subject contract in accordance with Missouri law.
- 3.1.17 Federal Funds Requirements - The contractor shall understand and agree that the contract may involve the use of federal funds. Therefore, for any federal funds used, the following paragraphs shall apply:
- a. 4. BID SUBMISSION, EVALUATION, AND AWARD INFORMATION

4.1 Contact:

- 4.1.1 Any and all communication from vendors regarding specifications, requirements, competitive bid process, etc. related to the bid document must be referred to the Buyer of Record identified on the first page of this document. Such communication should be received at least ten calendar days prior to the official bid opening date.

4.2 Open Records:

- 4.2.1 Pursuant to section 610.021, RSMo, the bid shall be considered an open record after the bids are opened. Therefore, the vendor is advised not to include any information that the vendor does not want to be viewed by the public, including personal identifying information such as social security numbers.

4.3 Compliance with Terms and Conditions:

- 4.3.1 The vendor is cautioned when submitting pre-printed terms and conditions or other type material to make sure such documents do not contain other terms and conditions which conflict with those of the RFQ and its contractual requirements. The vendor agrees that in the event of conflict between any of the vendor's terms and conditions and those contained in the RFQ, that the RFQ shall govern. Taking exception to the State's terms and conditions may render a vendor's bid non-responsive and remove it from consideration for award.

4.4 Description of Product:

- 4.4.1 The vendor should present a detailed description and information of all products and services proposed in the response to this Request for Quotation. It is the vendor's responsibility to make sure all products proposed are adequately described in order for the state to conduct an evaluation of the bid to insure its compliance with mandatory technical specifications. It should not be assumed that the evaluator has specific knowledge of the products proposed; however, the evaluator does have sufficient technical background to conduct an evaluation when presented complete information. In the event this information is not submitted with the bid, the buyer may, but is not required to, seek written clarification from the vendor to provide assurance that the product bid meets specifications.
- a. Pre-printed Marketing Material - The vendor may submit preprinted marketing materials with the bid. However, the vendor is advised that such brochures normally do not address the needs of the evaluators with respect to the technical evaluation process and the specific responses which have been requested of the vendor. The vendor is strongly discouraged from relying solely on such materials in presenting products and services for consideration by the state.
 - b. Deviations - It is the vendor's responsibility to submit a bid that meets all mandatory specifications stated herein. The vendor should clearly identify any and all deviations from both the mandatory and desirable specifications stated in the RFQ. Any deviation from a mandatory requirement may render the bid non-responsive. Any deviation from a desirable specification may be reviewed by the state as to its acceptability and impact on competition.

4.5 Evaluation and Award Process:

- 4.5.1 After determining that a bid satisfies the mandatory requirements stated in the Request for Quotation, a cost analysis shall be conducted. The contract shall be awarded to the lowest priced responsive vendor.

- 4.5.2 Open Competition – Any manufacturer’s name, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition.
- a. The vendor may offer any brand of product that meets or exceeds the specifications. In addition to identifying the manufacturer’s name and model number, the vendor must explain in detail how their product meets or exceed the specifications. Bids, which do not comply with the requirement and the specifications, are subject to rejection without clarification.
- 4.5.3 The vendor must provide firm, fixed pricing as required on Exhibit A, Pricing Page, for all line items, including all renewal percentages.
- 4.5.4 Determination of Lowest Priced vendor including Consideration of Preferences – The vendor with the most points after completing the cost calculations and determining bonus points as specified below is considered the lowest vendor.
- a. Objective Evaluation of Cost – The objective evaluation of cost shall be conducted as follows:
- 1) The cost evaluation shall be based on a total cost determined using the firm, fixed prices stated on the Pricing Pages and the following annual quantities.
 - The total of all per occurrence prices for all snow accumulations for each building.
 - Five (5) hours of salt applications.
 - Five (5) hours of sand application.
 - Five (5) hours of ice melting agent applications.
 - Five (5) hours of Hand Shoveling/Sweeping Snow for one person.
 - 100 pounds of salt.
 - One (1) Ton of Sand
 - 100 pounds of ice melting agent
 - 2) The evaluation of cost will include the original contract period and any potential renewal periods.
 - 3) Cost points shall be computed from the result of the calculation stated above using a scale of 200 possible points and the following formula:

$$\frac{\text{Lowest Responsive vendor's Price}}{\text{Compared vendor's Price}} \times 200 = \text{Cost evaluation points}$$
 - 4) The vendor shall agree and understand that the quantities used in the evaluation of cost are provided solely to document how cost will be evaluated. The State of Missouri makes no guarantee regarding the accuracy of the quantities stated nor does the State of Missouri intend to imply that the figures used for the cost evaluation in any way reflect actual nor anticipated usage.
- 4.5.5 Vendor Information - The vendor should provide information about the vendor’s organization on Exhibit B.
- 4.5.6 Experience - The vendor should provide information related to previous and current services/contracts of the vendor or any proposed subcontractor where performance was similar to the required services of this RFQ. The information may be shown on Exhibit C or in a similar manner.

ATTACHMENT 4 Fingerprint Requirements

All personnel of the contractor are required to submit fingerprints to the Missouri State Highway Patrol to enable the Office of Administration, Division of Facilities Management, Design and Construction (FMDC) to receive state and national criminal background checks on such personnel. FMDC will also check with law enforcement to determine if any of the contractor's personnel has an outstanding warrant for his or her arrest. FMDC reserves the right to prohibit any personnel of the contractor from performing work in or on the premises of any facility owned, operated, or utilized by the State of Missouri for any reason.

The contractor shall ensure all of the contractor's personnel submit fingerprints to the Missouri State Highway Patrol and pay for the cost of such background checks. All personnel of the contractor approved by FMDC to work at a State facility must obtain a contractor ID badge from FMDC prior to beginning work on-site, unless the Director of FMDC, at the Director's discretion, waives the requirement for a contractor ID badge. The contractor and the contractor's personnel must comply with the process for background checks and contractor ID badges found on FMDC's website at: <https://oa.mo.gov/facilities/facilities-operations/security-information/fmdc-contractor-id-badges>

Pursuant to section 43.540, RSMo, FMDC participates in the Missouri Rap Back and National Rap Back programs as of August 28, 2018. This means that the Missouri State Highway Patrol, Central Records Repository, and the Federal Bureau of Investigation will retain the fingerprints submitted by each of the contractor's personnel, and those fingerprints will be searched against other fingerprints on file, including latent fingerprints. While retained, the contractor's personnel fingerprints may continue to be compared against other fingerprints submitted or retained by the Federal Bureau of Investigation, including latent fingerprints.

As part of the Missouri and National Rap Back programs, FMDC will receive notification if a new arrest is reported for the personnel of the contractor whose fingerprints have been submitted for FMDC after August 28, 2018. If the contractor's employee is performing work on a State contract at the time of the arrest notification, FMDC will request and receive the contractor's personnel updated criminal history records. If the contractor's employee is no longer performing work on a State contract, FMDC will not obtain updated criminal records.

Pursuant to section 43.540, RSMo, the Missouri State Highway Patrol will provide the results of the contractor's personnel background check directly to FMDC. FMDC may NOT release the results of a background check to the contractor or provide the contractor any information obtained from a background check, either verbally or in writing. FMDC will notify the contractor only whether the contractor's personnel is approved to work on State property.

Each of the contractor's personnel who submits fingerprints to the Missouri State Highway Patrol has a right to obtain a copy of the results of his or her background check. The contractor's personnel may challenge the accuracy and completeness of the information contained in a background check report and obtain a determination from the Missouri State Highway Patrol and/or the FBI regarding the validity of such challenge prior to FMDC making a final decision about his or her eligibility to perform work under a State contract.

The contractor shall notify FMDC if the contractor's personnel is terminated or resigns from employment with the contractor. If the contractor does not anticipate performing work on a State contract in the future, the contractor may request that FMDC remove the contractor's personnel from the Rap Back programs. However, if removed from the Rap Back programs, the contractor's personnel will be required to submit new fingerprints should the contractor be awarded another State contract.

Upon award of a contract, the contractor should contact FMDC to determine if the contractor's personnel need to provide a new background check. If a contractor's personnel has previously submitted a fingerprint background check to FMDC as part of the Missouri and National Rap Back programs, the contractor's personnel may not need to submit another fingerprint search for a period of three (3) to six (6) years, depending upon the circumstances. The contractor understands and agrees that FMDC may require more frequent background checks without providing any explanation to the contractor. The fact that an additional background check is requested by FMDC does not indicate that the contractor's personnel has a criminal record.

4.10 **NONCRIMINAL JUSTICE APPLICANT'S PRIVACY RIGHTS**

As an applicant who is the subject of a national fingerprint-based criminal history record check for a noncriminal justice purpose (such as an application for employment or a license, an immigration or naturalization matter, security clearance, or adoption), you have certain rights which are discussed below.

- You must be provided written notification that your fingerprints will be used to check the criminal history records of the FBI.
- You must be provided, and acknowledge receipt of, an adequate Privacy Act Statement when you submit your fingerprints and associated personal information. This Privacy Act Statement should explain the authority for collecting your information and how your information will be used, retained, and shared.
- If you have a criminal history record, the officials making a determination of your suitability for the employment, license, or other benefit must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- The officials must advise you that the procedures for obtaining a change, correction, or update of your criminal history record are set forth at Title 28, Code of Federal Regulations (CFR), Section 16.34.
- If you have a criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the officials deny you the employment, license, or other benefit based on information in the criminal history record.

You have the right to expect that officials receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.

If agency policy permits, the officials may provide you with a copy of your FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, you may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained at: <https://www.fbi.gov/services/cjis/identity-history-summary-checks>.

If you decide to challenge the accuracy or completeness of your FBI criminal history record, you should send your challenge to the agency that contributed the questioned information to the FBI. Alternatively, you may send your challenge directly to the FBI. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry.

Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your record in accordance with the information supplied by that agency. (See 28 CFR 16.30 through 16.34.)

Written notification includes electronic notification, but excludes oral notification.

15. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the State of Missouri of any existing or future right and/or remedy available by law in the event of any claim by the State of Missouri of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the State of Missouri.

The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide OA/FMDC within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, OA/FMDC will issue a notice of cancellation terminating the contract immediately. If it is determined OA/FMDC improperly cancelled the contract, such cancellation shall be deemed a termination for convenience in accordance with the contract.
