In addition, a written inspection report shall be forwarded by the state agency to the contractor after a building inspection is completed noting specific substandard, deficient, or incomplete services. The contractor must correct the substandard, deficient, or incomplete services within a reasonable period of time, as determined by the state agency, following the state agency's written notification or written inspection report.

2.9.4 If the contractor fails to resolve the breach issue or if the contractor continues to provide substandard, deficient, or incomplete services, the State of Missouri may take one or more of the actions below:

- ✓ Assess liquidated damages as described herein,
- ✓ Cancel the contract, as described in the Cancellation of Contract provisions included within the attached Terms and Conditions,
- ✓ Due to the seriousness of the substandard, deficient, or incomplete service, cancel the contract immediately without providing the contractor the opportunity to remedy the breach.

2.9.5 The State of Missouri shall be the final judge as to what constitutes a substandard, deficient, or incomplete service, and other performance concern as stated herein. Any such determination by the State of Missouri shall be final and without recourse.

- 2.9.6 Liquidated Damages - The contractor shall agree and understand that the provision of the janitorial services in accordance with the requirements stated herein is considered critical to the efficient operations of the State of Missouri. However, since the amount of actual damages would be difficult to establish in the event the contractor fails to comply with the requirements, the contractor shall agree and understand that the amounts identified below as liquidated damages shall be reasonable and fair under the circumstances.
- 2.9.7 Daily and Weekly Tasks - In the event the contractor fails to perform any daily or weekly tasks required herein or performs the daily or weekly task in a substandard, deficient, or incomplete manner as determined by the state agency, the state agency shall have the right to assess liquidated damages in the amount equal to the monthly amount due, divided by the total number of work days in that particular month to obtain a daily rate, and then multiplied by the number of days for which the service was not provided, or for each day the task was required to be performed until the task is performed and approved, rounded to the nearest cent.
- 2.9.8 Monthly or Semi-Annual Tasks - If the contractor performs a Monthly or Semi-Annual task in a substandard, deficient, or incomplete manner as determined by the state agency, the state agency may assess the same liquidated damages for each day the task was required to be performed until the task is performed and approved. For each incident in which the contractor fails to perform any Monthly or Semi-Annual task required herein, the state agency shall have the right to assess liquidated damages as follows:
- for a building with less than 5,000 cleanable square feet - \$250.00,
 - for a building with between 5,000 and 10,000 cleanable square feet - \$400.00;
 - for a building in excess of 10,000 cleanable square feet - \$550.00.
- 2.9.9 Reports, Documentation or Notifications - For each day that a required report, document, or notification is late; the state agency may assess liquidated damages in the amount of \$10.00 per day until such report, document, or notification is received. Such liquidated damages shall apply to each of the following:
- 1) A completed Authorization for Release of Information Form for each person assigned to the building(s)
 - 2) Security Clearance information obtained from the State Highway Patrol for each person assigned to the building(s)
 - 3) Task Schedule Notice
 - 4) Assessable Maintained Daily Log
 - 5) Safety Data Sheets
- 2.9.10 Security – In the event the contractor fails to prevent all unauthorized persons from entering the building(s), fails to keep the building(s) locked while the contractor and the contractor’s personnel are on the premises, fails to lock any entrance or exit door, fails to activate the security system(s) according to the state agency instructions; the contractor shall be assessed \$75.00 for each occurrence. The contractor shall agree and understand that for the purpose of this document, “each occurrence” shall be defined as one period of time the contractor and the contractor’s personnel are on the premises to provide the janitorial services specified herein, including supplemental services (e.g. daily, weekly, monthly, etc.).
- 2.9.11 Additional Liquidated Damages - In the event the contractor fails to correct substandard, deficient, or incomplete services or fails to provide all services required herein in a consistent manner satisfactory to and acceptable by the state agency in order to provide a clean and sanitary environment for the building(s), the building(s)’ contents, building(s)’ tenants, and the general public, the contractor shall be assessed liquidated

damages in accordance with one or more of the following calculations, in addition to the liquidated damages described herein.

- a. If the state agency hires an outside/private company to correct the substandard, deficient, or incomplete service, the contractor shall be responsible for the total cost charged by such company to perform the service.
- b. If the state agency uses State of Missouri personnel or resources to correct the substandard, deficient, or incomplete service, the contractor shall be responsible for the actual costs incurred by the State of Missouri. Such actual costs shall be calculated by the per hour salary price of the state personnel who performed the service and shall include material costs, etc.
- c. In the event of any breakage, damage, theft, or loss of the equipment, supplies, materials, or other items in the building(s) through negligence or other inappropriate actions of the contractor or the contractor's personnel while working on the building(s)' premises, the contractor shall pay damages to the state agency in the actual amount of such loss.

2.9.12 The contractor shall also agree and understand that such liquidated damages shall either be deducted from the contractor's invoices pursuant to the contract or paid by the contractor as a direct payment to the state agency at the sole discretion of the state agency.

2.9.13 The contractor shall understand that the liquidated damages described herein shall not be construed as a penalty.

2.9.14 The contractor shall agree and understand that all assessments of liquidated damages shall be within the discretion of the State of Missouri and shall be in addition to, not in lieu of, the rights of the State of Missouri to pursue other appropriate remedies.

2.10 Other Contractual Requirements:

2.10.1 Contract - A binding contract shall consist of: (1) the RFQ and any amendments thereto, (2) the contractor's response (bid) to the RFQ, (3) clarification of the bid, if any, and (4) the Division of Facilities Management, Design and Construction's acceptance of the response (bid) by "notice of award". All Exhibits and Attachments included in the RFQ shall be incorporated into the contract by reference.

- a. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- b. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein.
- c. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Division of Facilities Management, Design and Construction prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

2.10.2 Contract Period - The original contract period shall be as stated on the Notice of Award. The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period. The Division of Facilities Management, Design and Construction shall have the right, at its sole

option, to renew the contract for three (3) additional one-year periods, or any portion thereof. In the event the Division of Facilities Management, Design and Construction exercises such right, all terms and conditions, requirements and specifications of the contract shall remain the same and apply during the renewal period, pursuant to applicable option clauses of this document.

2.10.3 Renewal Periods - If the option for renewal is exercised by the Division of Facilities Management, Design and Construction, the contractor shall agree that the prices for the renewal period shall not exceed the maximum price for the applicable renewal period stated on the Pricing Page of the contract.

- a. If renewal prices are not provided, then prices during renewal periods shall be the same as during the original contract period.
- b. In addition, the contractor shall understand and agree that renewal period price increases specified in the contract are not automatic. At the time of contract renewal, if the state determines funding does not permit the specified renewal pricing increase or even a portion thereof, the renewal pricing shall remain the same as during the previous contract period. If such action is rejected by the contractor, the contract may be terminated, and a new procurement process may be conducted. The contractor shall also understand and agree the state may determine funding limitations necessitate a decrease in the contractor's pricing for the renewal period(s). If such action is necessary and the contractor rejects the decrease, the contract may be terminated, and a new procurement process may be conducted.

2.10.4 Termination - The Division of Facilities Management, Design and Construction reserves the right to terminate the contract at any time, for the convenience of the State of Missouri, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive compensation for services and/or supplies delivered to and accepted by the State of Missouri pursuant to the contract prior to the effective date of termination.

2.10.5 Transition:

Such assistance shall include completion of all Daily Requirements on the last effective day of the contract including restocking of all dispensers to normal limits.

2.10.6 Contractor Liability - The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act.

- a. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.
- b. The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.
- c. Under no circumstances shall the contractor be liable for any of the following: (1) third party claims against the state for losses or damages (other than those listed above); or (2) economic consequential

- 2.10.7 Insurance - The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. General and other non-professional liability insurance shall include an endorsement that adds the State of Missouri as an additional insured. Self-insurance coverage or another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable and the State of Missouri is protected as an additional insured.
- 2.10.8 Subcontractors - Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the State of Missouri and to ensure that the State of Missouri is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the State of Missouri and the contractor.
- a. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract.
 - b. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein.
 - c. The contractor must obtain the approval of the State of Missouri prior to establishing any new subcontracting arrangements and before changing any subcontractors. The approval shall not be arbitrarily withheld.
 - d. Pursuant to subsection 1 of section 285.530, RSMo, no contractor or subcontractor shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. In accordance with sections 285.525 to 285.550, RSMo, a general contractor or subcontractor of any tier shall not be liable when such contractor or subcontractor contracts with its direct subcontractor who violates subsection 1 of section 285.530, RSMo, if the contract binding the contractor and subcontractor affirmatively states that
 - 1) The direct subcontractor is not knowingly in violation of subsection 1 of section 285.530, RSMo, and shall not henceforth be in such violation.
 - 2) The contractor or subcontractor receives a sworn affidavit under the penalty of perjury attesting to the fact that the direct subcontractor's employees are lawfully present in the United States.
- 2.10.9 Participation by Other Organizations - The contractor must comply with any Organization for the Blind/Sheltered Workshop, Service-Disabled Veteran Business Enterprise (SDVE), and/or Minority Business Enterprise/Women Business Enterprise (MBE/WBE) participation levels committed to in the contractor's awarded bid.
- a. The contractor shall prepare and submit to the Division of Facilities Management, Design and Construction a report detailing all payments made by the contractor to Organizations for the Blind/Sheltered Workshops, SDVEs, and/or MBE/WBEs participating in the contract for the reporting period. The contractor must submit the report on a monthly basis, unless otherwise determined by the Division of Facilities Management, Design and Construction.

- b. The Division of Facilities Management, Design and Construction will monitor the contractor's compliance in meeting the Organizations for the Blind/Sheltered Workshop and SDVE participation levels committed to in the contractor's awarded bid. The Division of Facilities Management, Design and Construction in conjunction with the Office of Equal Opportunity (OEO) will monitor the contractor's compliance in meeting the MBE/WBE participation levels committed to in the contractor's awarded bid. If the contractor's payments to the participating entities are less than the amount committed, the state may cancel the contract and/or suspend or debar the contractor from participating in future state procurements, or retain payments to the contractor in an amount equal to the value of the participation commitment less actual payments made by the contractor to the participating entity. If the Division of Facilities Management, Design and Construction determines that the contractor becomes compliant with the commitment, any funds retained as stated above, will be released.
- c. If a participating entity fails to retain the required certification or is unable to satisfactorily perform, the contractor must obtain other certified MBE/WBEs or other organizations for the blind/sheltered workshops or other SDVEs to fulfill the participation requirements committed to in the contractor's awarded bid.
 - 1) The contractor must obtain the written approval of the Division of Facilities Management, Design and Construction for any new entities. This approval shall not be arbitrarily withheld.
 - 2) If the contractor cannot obtain a replacement entity, the contractor must submit documentation to the Division of Facilities Management, Design and Construction detailing all efforts made to secure a replacement. The Division of Facilities Management, Design and Construction shall have sole discretion in determining if the actions taken by the contractor constitute a good faith effort to secure the required participation and whether the contract will be amended to change the contractor's participation commitment.
- d. No later than 30 days after the effective date of the first renewal period, the contractor must submit an affidavit to the Division of Facilities Management, Design and Construction. The affidavit must be signed by the director or manager of the participating Organizations for the Blind/Sheltered Workshop verifying provision of products and/or services and compliance of all contractor payments made to the Organizations for the Blind/Sheltered Workshops. The contractor may use the affidavit available on the Division of Purchasing's website at <http://content.oa.mo.gov/sites/default/files/bswaffidavit.doc> or another affidavit providing the same information.

2.10.10 Substitution of Personnel - The contractor agrees and understands that any substitution of the specific key individual(s) and/or personnel qualifications identified in the bid must be with individual(s) of equal or better qualifications than originally proposed.

2.10.11 Authorized Personnel:

- a. The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.
- b. If the contractor is found to be in violation of this requirement or the applicable state, federal and local laws and regulations, and if the State of Missouri has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the state shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar the contractor from doing business with the state. - a. The Vendor must either be an organization for the blind or sheltered workshop or must be proposing to utilize an organization for the blind/sheltered workshop as a subcontractor and/or supplier in an amount that must equal the greater of \$5,000 or 2% of the total dollar value of the contract for purchases not exceeding \$10 million.

 - 1) A sliding scale for the award of points shall range from a minimum of five (5) points to a maximum of fifteen (15) points. The award of the minimum five (5) points shall be based on the bid containing a commitment that the participating nonprofit organization or workshop is providing the greater of two percent (2%) or five thousand dollars (\$5,000.00) of the total contract value of bids for purchase not exceeding ten million dollars.
 - 2) Where the commitment in the bid exceeds the minimum level set forth in section 34.165 to obtain five (5) points, the awarded points shall exceed the minimum five (5) points, up to a maximum of fifteen (15) points. Vendor’s Commitment Number x 2.5 points = Awarded Points

Examples: A commitment of 3% would be calculated as: 3 x 2.5 points = 7.5 awarded points. A commitment of 5.5% would be calculated as: 5.5 x 2.5 points = 13.75 awarded points. Commitments at or above six percent (6%) shall receive the maximum of fifteen (15) points.

Definitions:

Service-Disabled Veteran is defined as any individual who is disabled as certified by the appropriate federal agency responsible for the administration of veterans' affairs.

Service-Disabled Veteran Business is defined as a business concern:

Fingerprint Requirements

All personnel of the contractor are required to submit fingerprints to the Missouri State Highway Patrol to enable the Office of Administration, Division of Facilities Management, Design and Construction (FMDC) to receive state and national criminal background checks on such personnel. FMDC will also check with law enforcement to determine if any of the contractor's personnel has an outstanding warrant for his or her arrest. FMDC reserves the right to prohibit any personnel of the contractor from performing work in or on the premises of any facility owned, operated, or utilized by the State of Missouri for any reason.

The contractor shall ensure all of the contractor's personnel submit fingerprints to the Missouri State Highway Patrol and pay for the cost of such background checks. The contractor and the contractor's personnel must comply with the process for background checks found on FMDC's website at: <https://oa.mo.gov/facilities/facilities-operations/security-information/fmdc-contractor-id-badges>.

Pursuant to section 43.540, RSMo, FMDC participates in the Missouri Rap Back and National Rap Back programs as of August 28, 2018. This means that the Missouri State Highway Patrol, Central Records Repository, and the Federal Bureau of Investigation will retain the fingerprints submitted by each of the contractor's personnel, and those fingerprints will be searched against other fingerprints on file, including latent fingerprints. While retained, the contractor's personnel fingerprints may continue to be compared against other fingerprints submitted or retained by the Federal Bureau of Investigation, including latent fingerprints.

As part of the Missouri and National Rap Back programs, FMDC will receive notification if a new arrest is reported for the personnel of the contractor whose fingerprints have been submitted for FMDC after August 28, 2018. If the contractor's employee is performing work on a State contract at the time of the arrest notification, FMDC will request and receive the contractor's personnel updated criminal history records. If the contractor's employee is no longer performing work on a State contract, FMDC will not obtain updated criminal records.

Pursuant to section 43.540, RSMo, the Missouri State Highway Patrol will provide the results of the contractor's personnel background check directly to FMDC. FMDC may NOT release the results of a background check to the contractor or provide the contractor any information obtained from a background check, either verbally or in writing. FMDC will notify the contractor only whether the contractor's personnel is approved to work on State property.

Each of the contractor's personnel who submits fingerprints to the Missouri State Highway Patrol has a right to obtain a copy of the results of his or her background check. The contractor's personnel may challenge the accuracy and completeness of the information contained in a background check report and obtain a determination from the Missouri State Highway Patrol and/or the FBI regarding the validity of such challenge prior to FMDC making a final decision about his or her eligibility to perform work under a State contract.

The contractor shall notify FMDC if the contractor's personnel is terminated or resigns from employment with the contractor. If the contractor does not anticipate performing work on a State contract in the future, the contractor may request that FMDC remove the contractor's personnel from the Rap Back programs.

However, if removed from the Rap Back programs, the contractor's personnel will be required to submit new fingerprints should the contractor be awarded another State contract.

Upon award of a contract, the contractor should contact FMDC to determine if the contractor's personnel need to provide a new background check. If a contractor's personnel has previously submitted a fingerprint background check to FMDC as part of the Missouri and National Rap Back programs, the contractor's personnel may not need to submit another fingerprint search for a period of three (3) to six (6) years, depending upon the circumstances. The contractor understands and agrees that FMDC may require more frequent background checks without providing any explanation to the contractor. The fact that an additional background check is requested by FMDC does not indicate that the contractor's personnel has a criminal record.

NONCRIMINAL JUSTICE APPLICANT'S PRIVACY RIGHTS

As an applicant who is the subject of a national fingerprint-based criminal history record check for a noncriminal justice purpose (such as an application for employment or a license, an immigration or naturalization matter, security clearance, or adoption), you have certain rights which are discussed below.

- You must be provided written notification¹ that your fingerprints will be used to check the criminal history records of the FBI
- You must be provided, and acknowledge receipt of, an adequate Privacy Act Statement when you submit your fingerprints and associated personal information. This Privacy Act Statement should explain the authority for collecting your information and how your information will be used, retained, and shared.²
- If you have a criminal history record, the officials making a determination of your suitability for the employment, license, or other benefit must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- The officials must advise you that the procedures for obtaining a change, correction, or update of your criminal history record are set forth at Title 28, Code of Federal Regulations (CFR), Section 16.34.
- If you have a criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the officials deny you the employment, license, or other benefit based on information in the criminal history record³

You have the right to expect that officials receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.⁴

If agency policy permits, the officials may provide you with a copy of your FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, you may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained at <https://www.fbi.gov/services/cjis/identity-history-summary-checks>.

If you decide to challenge the accuracy or completeness of your FBI criminal history record, you should send your challenge to the agency that contributed the questioned information to the FBI. Alternatively, you may send your challenge directly to the FBI. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry.

Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your record in accordance with the information supplied by that agency. (See 28 CFR 16.30 through 16.34.)

- c. Vendors are cautioned that the only official position of the State of Missouri is that which is issued by OA/FMDC in the RFQ or an addendum thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
- d. OA/FMDC monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among vendors, price-fixing by vendors, or any other anticompetitive conduct by vendors which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
- e. OA/FMDC reserves the right to officially amend or cancel an RFQ after issuance. Vendors who received e-mail notification of the bid opportunity when the RFQ was established and vendors who have responded to the RFQ prior to an addendum being issued should receive e-mail notification of the addendum(s). Vendors who received e-mail notification of the bid opportunity when the RFQ was established and vendors who have responded to the bid on-line prior to a cancellation being issued should receive e-mail notification of a cancellation issued prior to the exact end date and time specified in the RFQ.

4. PREPARATION OF BIDS

- a. Vendors **must** examine the entire RFQ carefully. Failure to do so shall be at the vendor's risk.
- b. Unless otherwise specifically stated in the RFQ, all specifications and requirements constitute minimum requirements. All bids must meet or exceed the stated specifications and requirements.
- c. Unless otherwise specifically stated in the RFQ, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The vendor may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the bid. In addition, the vendor shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Bids which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Bids lacking any indication of intent to bid an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the RFQ.
- e. In the event that the vendor is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an RFQ, such a vendor may submit a bid which contains a list of statutory limitations and identification of those prohibitive clauses. The vendor should include a complete list of statutory references and citations for each provision of the RFQ, which is affected by this paragraph. The statutory limitations and prohibitive clauses may (1) be requested to be clarified in writing by OA/FMDC or (2) be accepted without further clarification if the statutory limitations and prohibitive clauses are deemed acceptable by OA/FMDC. If OA/FMDC determines clarification of the statutory limitations and prohibitive clauses is necessary, the clarification will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the RFQ.
- f. All equipment and supplies offered in a bid must be new, of current production, and available for marketing by the manufacturer unless the RFQ clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- g. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the RFQ.
- h. Bids, including all pricing therein, shall remain valid for 90 days from bid opening unless otherwise indicated. If the bid is accepted, the entire bid, including all prices, shall be firm for the specified contract period.
- i. Any foreign vendor not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their bid in order to be considered for award.

5. SUBMISSION OF BIDS

- a. Vendors may submit bids electronically through the faxing as indicated on the front page of the RFQ or by delivery of a hard copy to the OA/FMDC office. Delivered bids must be sealed in an envelope or container, and received in the OA/FMDC office located at 301 West High St, Rm 730 in Jefferson City, MO no later than the end date and time specified in the RFQ. All bids must (1) be submitted by a duly authorized representative of the vendor's organization, (2) contain all information required by the RFQ, and (3) be priced as required. Hard copy bids may be mailed to the OA/FMDC post office box address. However, it shall be the responsibility of the vendor to ensure their bid is in the OA/FMDC office no later than the end date and time specified in the RFQ.
- b. The sealed envelope or container containing a bid should be clearly marked on the outside with (1) the official RFQ number and (2) the official end date and time. Different bids should not be placed in the same envelope, although copies of the same bid may be placed in the same envelope.
- c. A bid submitted electronically by a vendor may be modified prior to the official end date and time. A bid which has been delivered to the OA/FMDC office may be modified by signed, written notice which has been received by OA/FMDC prior to the official end date and time specified. A bid may also be modified in person by the vendor or its authorized representative, provided proper identification is presented before the official end date and time. Telephone or telegraphic requests to modify a bid shall not be honored.
- d. A bid submitted electronically may be retracted prior to the official end date and time. A bid which has been delivered to the OA/FMDC office may only be withdrawn by a signed, written document on company letterhead transmitted via mail, e-mail, or facsimile which has been received by OA/FMDC prior to the official end date and time specified. A bid may also be withdrawn in person by the vendor or its authorized representative, provided proper identification is presented before the official end date and time. Telephone or telegraphic requests to withdraw a bid shall not be honored.
- e. A bid may also be withdrawn after the bid opening through submission of a written request by an authorized representative of the vendor. Justification of withdrawal decision may include a significant error or exposure of bid information that may cause irreparable harm to the vendor.
- f. When submitting a bid, the registered vendor indicates acceptance of all RFQ requirements, terms and conditions. Vendors delivering a hard copy bid to OA/FMDC must sign and return the RFQ cover page or, if applicable, the cover page of the last addendum thereto in order to constitute acceptance by the vendor of all RFQ requirements, terms and conditions. Failure to do so may result in rejection of the bid unless the vendor's full compliance with those documents is indicated elsewhere within the vendor's response.
- g. Faxed and e-mail no-bid notifications shall be accepted.

6. BID OPENING

- a. Bid openings are on the end date and at the opening time specified on the RFQ document. OA/FMDC will not provide prices or other bid information via the telephone.

7. PREFERENCES

- a. In the evaluation of bids, preferences shall be applied in accordance with chapter 34, RSMo, other applicable Missouri statutes, and applicable Executive Orders. Contractors should apply the same preferences in selecting subcontractors.
- b. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, mined, processed or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.
- c. In accordance with Executive Order 05-30, contractors are encouraged to utilize certified minority and women-owned businesses in selecting subcontractors.

8. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the contract specialist before contract award. Upon discovering an apparent clerical error, the contract specialist shall contact the vendor and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.

- b. Any pricing information submitted by a vendor shall be subject to evaluation if deemed by OA/FMDC to be in the best interest of the State of Missouri.
- c. The vendor is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the State of Missouri. However, unless otherwise specified in the RFQ, pricing shall be evaluated at the maximum potential financial liability to the State of Missouri.
- d. Awards shall be made to the vendor whose bid (1) complies with all mandatory specifications and requirements of the RFQ and (2) is the lowest, considering price, responsibility of the vendor, and all other evaluation criteria specified in the RFQ and (3) complies with chapter 34, RSMo, other applicable Missouri statutes, and all applicable Executive Orders.
- e. In the event all vendors fail to meet the same mandatory requirement in an RFQ, OA/FMDC reserves the right, at its sole discretion, to waive that requirement for all vendors and to proceed with the evaluation. In addition, OA/FMDC reserves the right to waive any minor irregularity or technicality found in any individual bid.
- f. OA/FMDC reserves the right to reject any and all bids.
- g. When evaluating a bid, the State of Missouri reserves the right to consider relevant information and fact, whether gained from a bid, from a vendor, from vendor's references, or from any other source.
- h. Any information submitted with the bid, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a bid and the award of a contract.
- i. Any award of a contract shall be made by notification from OA/FMDC to the successful vendor. OA/FMDC reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by OA/FMDC based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- j. All bids and associated documentation which were submitted on or before the official end date and time will be considered open records pursuant to section 610.021, RSMo, following the official opening of bids.
- k. OA/FMDC maintains images of all bid file material for review. Vendors who include an e-mail address with their bid will be notified of the award results via e-mail.
- l. OA/FMDC reserves the right to request clarification of any portion of the vendor's response in order to verify the intent of the vendor. The vendor is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- m. Any bid award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (9).
- n. The final determination of contract award(s) shall be made by OA/FMDC.

9. CONTRACT/PURCHASE ORDER

- a. By submitting a bid, the vendor agrees to furnish any and all equipment, supplies and/or services specified in the RFQ, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the RFQ and any addendums thereto, (2) the contractor's response (bid) to the RFQ, (3) clarification of the bid, if any, and (4) OA/FMDC's acceptance of the response (bid) by "notice of award" or by "purchase order." All Exhibits and Attachments included in the RFQ shall be incorporated into the contract by reference.
- c. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and OA/FMDC or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

10. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. The statewide financial management system has been designed to capture certain receipt and payment information. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of OA/FMDC.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the RFQ.
- e. The State of Missouri assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the state's rejection and shall be returned at the contractor's expense.
- f. All invoices for equipment, supplies, and/or services purchased by the State of Missouri shall be subject to late payment charges as provided in section 34.055, RSMo.
- g. The State of Missouri reserves the right to purchase goods and services using the state purchasing card.

11. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

12. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by an agency of the state pursuant to a contract shall be deemed accepted until the agency has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The State of Missouri reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The State of Missouri's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

13. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by OA/FMDC, (2) be fit and sufficient for the purpose expressed in the RFQ, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the state's acceptance of or payment for said equipment, supplies, and/or services.

14. CONFLICT OF INTEREST

- a. Elected or appointed officials or employees of the State of Missouri or any political subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.452 and 105.454, RSMo, regarding conflict of interest.
- b. The contractor hereby covenants that at the time of the submission of the bid the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

15. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the State of Missouri of any existing or future right and/or remedy available by law in the event of any claim by the State of Missouri of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the State of Missouri.

16. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, OA/FMDC may cancel the contract. At its sole discretion, OA/FMDC may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide OA/FMDC within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, OA/FMDC will issue a notice of cancellation terminating the contract immediately. If it is determined OA/FMDC improperly cancelled the contract, such cancellation shall be deemed a termination for convenience in accordance with the contract.
- c. If OA/FMDC cancels the contract for breach, OA/FMDC reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as OA/FMDC deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the state for any period in which funds have not been appropriated, and the state shall not be liable for any costs associated with termination caused by lack of appropriations.

17. COMMUNICATIONS AND NOTICES

Any notice to the vendor/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by e-mail or hand-carried and presented to an authorized employee of the vendor/contractor.

18. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify OA/FMDC immediately.
- b. Upon learning of any such actions, OA/FMDC reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

19. INVENTIONS, PATENTS AND COPYRIGHTS

The contractor shall defend, protect, and hold harmless the State of Missouri, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

20. NON-DISCRIMINATION AND AFFIRMATIVE ACTION

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, color, religion, national origin, sex, age, disability, or veteran status unless otherwise provided by law. If the contractor or subcontractor employs at least 50 persons, they shall have and maintain an affirmative action program which shall include:

- a. A written policy statement committing the organization to affirmative action and assigning management responsibilities and procedures for evaluation and dissemination;
- b. The identification of a person designated to handle affirmative action;
- c. The establishment of non-discriminatory selection standards, objective measures to analyze recruitment, an upward mobility system, a wage and salary structure, and standards applicable to layoff, recall, discharge, demotion, and discipline;
- d. The exclusion of discrimination from all collective bargaining agreements; and
- e. Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.

If discrimination by a contractor is found to exist, OA/FMDC shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

21. AMERICANS WITH DISABILITIES ACT

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Americans with Disabilities Act (ADA).

22. FILING AND PAYMENT OF TAXES

The commissioner of administration and other agencies to which the state purchasing law applies shall not contract for goods or services with a vendor if the vendor or an affiliate of the vendor makes sales at retail of tangible personal property or for the purpose of storage, use, or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144, RSMo. For the purposes of this section, "affiliate of the vendor" shall mean any person or entity that is controlled by or is under common control with the vendor, whether through stock ownership or otherwise. Therefore the vendor's failure to maintain compliance with chapter 144, RSMo, may eliminate their bid from consideration for award.
