

Compliance Component

DEFINITION

| | |
|--------------------|--|
| <i>Name</i> | Laptop – Business User |
| <i>Description</i> | Defines the specifications for mobile computing for business users. Devices in this category are suitable for most remote access requirements, including remote e-mail, word processing, presentations and web browsing. |
| <i>Rationale</i> | Enables State employees to perform business functions from remote locations. A standard configuration promotes economies of scale and ease of support. Anticipated useful life of these systems is 3-4 years. New versions of operating system and applications typically drive the replacement of equipment, more than actual equipment failures. |
| <i>Benefits</i> | <ul style="list-style-type: none"> • Enhances 24x7 support by providing quicker problem resolution. • Allows State services to be provided in remote locations. • Provides portability to State network resources. • Allows presentations to be given remotely. |
