STATEWIDE CONTRACT HISTORY

The following summarizes actions related to this Notification of Statewide Contract since its initial issuance. Any and all revisions have been incorporated into the attached document.

Contract Period	Issue Date	Summary of Changes
11/11/09-11/10/10	11/16/09	Completed assignment of contract to new vendor number 264086160 1. Renewal of contract with price increase.
11/11/08-11/10/09	11/24/08	Changed account contact information. Shawn Vieth is new contact for Enterprise.
11/11/08-11/10/09	11/10/08	Renewal of contract. Added one-way rental line items and information.
11/11/07-11/10/08	11/9/07	Renewal of contract effective November 11, 2007 through November 10, 2008. Increase allowed and taken by Enterprise.
11/11/06-11/10/07	06/21/07	Reassigned to different buyer. Cale Turner has taken over administration of this contract.
11/11/06-11/10/07	03/12/07	A note about visually inspecting the vehicle before and after rental has been added to the text of this notice. State agency personnel renting a vehicle should visually inspect the vehicle and make note of any damage noted prior to renting the vehicle. See herein for details (grey-box text).
11/11/06-11/10/07	01/31/07	NOTE: Vendor number and name for Enterprise has changed (see first page). State agencies are to use vendor number 74223540704 on all orders effective 2/2/07. Also, Matt Gandy's contact information has been updated (also see first page). And, a renter has to be 21 years old, be a Missouri state employee, have a valid driver's license, a Missouri state id, and a credit card if they are not direct billing. The agency renter would need to provide their agency and organization code if they are direct billing.
11/11/06-11/10/07	01/02/07	Information about the Month or More program (that is multiple month rentals) has been added.
11/11/06-11/10/07	12/26/06	The Out-of-State rental rates already have the liability insurance included in the shown contract rate.
11/11/06-11/10/07	12/15/06	The new contract allows for state agencies to pay access and airport fees that the rental company must pass on to the customer. Use line 039 in SAM2 for access and airport fee payments.
11/11/06-11/10/07	12/07/06	To participate in the "Month or More" program, the state agency must first call 800-209-3602 before the rental can be ordered with Enterprise.
11/11/06-11/10/07	11/15/06	New contract established. Replaces C104006001.

Purpose:

This contract is established for state agency vehicle rentals.

Preferred Use Contract:

The contract shall be considered a preferred-use contract which means all state agencies should use the contract for the supplies on contract if needed. Even though the contract is considered a preferred-use contract, there will be rare situations where an agency may waive itself from using the contract so long as such determination is supportable and in the best interest of the State. Reasons for not using the contract shall include but shall not necessarily be limited to the following: vehicle type available is not usable by the state agency; vehicle availability is not meeting state agency's needs; specific item on contract is not what the state agency legitimately needs to meet its agency's public responsibilities; cost of the item exceeds historical and/or current market pricing and it would be unduly burdensome for the agency to pay the contract price.

State Vehicular Travel Policy (SP-12) Requirements & Trip Optimizer:

The State Vehicular Travel Policy requires employees to take the lowest cost travel option for in-state travel. Please refer to the policy at: <http://www.oe.mo.gov/co/policies.htm> for more information. The Trip Optimizer is a tool to help agencies determine the most cost effective mode of in state travel between state vehicles, rentals, mileage reimbursement and Amtrak. State employees simply have to enter the number of trip days and round trip miles and the most cost effective travel option is displayed.

The Trip Optimizer can be found on the State Fleet Management website at: <http://www.oe.mo.gov/gs/fm/index.htm>.

In the event it's more cost-effective to rent a car off this contract, then please do so.

State Travel Regulations:

All travel must be conducted in compliance with state travel regulations. Please consult this site for details:

<http://www.sos.mo.gov/adrules/csr/current/1csr/1c10-11.pdf>

Rental Reservations:

The employee must rent the vehicle for official state use only. Enterprise has developed an online reservation system with the state contract pricing built in. A link to the online reservation website is included within the Trip Optimizer. Look for the green Enterprise logo or go to: <http://www.oe.mo.gov/gs/fm/onlinereservations.htm>. Reservations may also be made by calling the Enterprise national reservation phone line: 1-800-RENT-A-CAR (1-800-736-8222).

For any rental, the appropriate customer number listed below must be provided. Failure to provide the appropriate number means the rental will not be billed at the contract rate and the employee may become personally liable for the expense. The renter must also be 21 years old and have a valid Missouri driver's license.

Employee ID Needed To Rent:

At the time of rental the protocol will be for Enterprise to ask the state employee to provide a valid state employee identification, a current (i.e., not expired) Driver's License and an agency/organization code (Sam II) at the time of rental.

Customer Numbers:

To obtain the contracted rental rate and associated insurance coverage, one of the following numbers must be used as the "Customer Number" at the time of rental reservation:

4MOSTIN - In State rentals, no insurance coverage included.

4MOSTAL - Out of State rentals, liability coverage included, includes out of state airport rentals

Instate & Out Of State Rental Definitions:

“In-state rental” shall mean that the rental originates within the boundaries of the State of Missouri and occurs within the boundaries of the states of Missouri, Kansas, and Illinois.

“Out of state rental” shall mean all other travel that is not in-state as defined above.

At the time of rental reservation, the employee must identify whether he/she is making an **“in-state” or “out-of-state”** rental by providing the corresponding customer number of the rate plan the employee would like to use for the rental at the time of rental or reservation. There are two (2) customer numbers. Each addresses a unique travel area and insurance coverage arrangement.

In the event there is any question about whether the rental is an “in-state” rental or “out-of-state” rental, the state agency, in coordination with the state employee, shall determine whether use is predominantly in-state or out-of-state and communicate such to the contractor for billing purposes. Due to liability regulations, the contractor cannot provide the customer numbers over the phone or at the rental counter. The state employee must present the customer number. The contractor cannot suggest or make any decision on which rate program to use.

Reservations are confirmed when a confirmation # or reservation number is offered by Enterprise. To eliminate confusion, please have this number available at the time of rental.

Payment with the P-card/Central Travel Desk Card: Step by Step Instructions available at:

<http://www.oe.mo.gov/gs/fm/procurementcardprocedures.pdf>. Use of the P-card for rentals is preferred and provides additional CDW (collision damage waiver) coverage at no additional cost to the state agency user. This coverage is provided via the current P-card contractor United Missouri Bank. Enterprise will continue to offer the option to the State of Missouri a “Ghost Account P Card” program. This program allows State of Missouri departments who have central travel P-cards and a central travel desk another option to the direct bill program. State of Missouri financial and or accounting contacts who wish to use the Ghost Account P-Card option will present P-Card information to Enterprise and be assigned a specific non published customer number specific to the individual P-card. The Ghost Account number is given to the Central Travel desk coordinator. Enterprise employees do not have access to this number and will be unable to obtain any information on this account should someone walk in off the street. This Ghost Account number allows that centralized travel coordinator to use this number to make reservations and have rental charges placed to this card. Estimated charges are placed on the card at the time of rental. No charges are placed at the time of reservation. The Enterprise branch will ask each State employee for a valid Drivers License and a State ID when the rental vehicle is picked up.

Direct Billing:

Direct billing to the state agency is advised if the p-card is not used. For rentals to be directly billed to specific state agency departments, at the time of rental the employee must provide a valid drivers license, State of Missouri ID card, and the SAM2 agency and organization numbers. Rentals will only be made to current state employees conducting authorized travel for state business. Personal rentals are not allowed.

Other Billing Arrangements:

State employees may still rent a vehicle for official state use by presenting a valid, un-expired drivers license, State of Missouri ID card and either a credit card or the State Procurement Card.

No rental may be billed without an organization number and agency number. Enterprise branch offices will not have listings of these numbers, therefore the state employee renting the vehicle must have these numbers for contract rates to apply.

Billing Set Up:

In order to facilitate direct billing, a Department Contact and Routing Form (See Attachment One) must be completed by the appropriate billing contact for each department. This form will require information specific to your department or

subdivision. This form must be completed in full, including organization and agency codes as well as department and contact information. This form is available at the end of this document.

Enterprise Locations:

Enterprise has over 6,000 locations nationwide that will honor the contract rates.

Missouri locations are shown in Attachment Two. Enterprise has locations outside Missouri in the cities shown in Attachment Three. Cities listed in Attachment Three are the primary out of state locations used by Missouri state agencies. This is not an all inclusive list of locations. Please visit the Internet at www.enterprise.com or contact the 800# on page one of this notice to locate the nearest office.

Enterprises Normal Business Hours:

The majority of the rental locations in Missouri and across the country are open from 7:30am to 6:00pm, Monday through Friday. Saturday hours vary but are generally 8:30am to 12:30pm. The airport locations across the country also vary, however Enterprise rental locations at airports are open to service on average 84% of all incoming flights including the flights late in the evening.

After-Hours Access:

The State of Missouri has a trip optimizer on the Office of Administration home with a direct link to the Enterprise reservation page, where reservations can be made 24 hours a day. Employees can also reserve rental vehicles by going directly to the Enterprise web site, www.enterprise.com. During business hours the State of Missouri employees have the option to call the local branch and for reservations or to answer any questions. Additionally Enterprise Rent-A-Car provides a national reservation at 1800 RENT-A-Car. This line that is open 24 hours per day 7 days per week. With the trip optimizer, www.enterprise.com, calling the Enterprise branch, or the national reservation line, the State of Missouri employees will be able to give or input their customer number to access the State's low contract rates.

Vehicles:

A variety of vehicles are available for daily, weekly, or monthly rentals. Enterprise offers late model vehicles that are well-maintained.

- **Economy cars (also known as Compact or Intermediate)** include air conditioning, power steering and brakes, have two or four doors, seat four people, and have room for a minimum two pieces of luggage, and average 28 mpg.
- **Midsize cars (or Standard)** include air conditioning, power steering, brakes, and windows, have two or four doors, seat four people, and have room for a minimum two pieces of luggage, and average 29 mpg.
- **Full size cars** have 6-cylinder performance with all power options, air conditioning, four doors, room for five people, a minimum of four pieces of luggage, and average 25 mpg.
- **Minivans** are fully equipped with power options, air conditioning, three or four doors, seating for seven people with luggage room for at least four pieces, and average 22 mpg.
- **Pick-up trucks** have power options and accessories; two, three, or four doors; seat two to six people with room for at least four pieces of luggage inside (in place of people).
- **Cargo Vans** are equipped with a driver and one passenger seat, and are designed to haul cargo.

Jefferson City Early Monday Morning Pick-Up:

On Tuesday through Friday the Jefferson City, Missouri Enterprise office located at 1419 Missouri Boulevard will offer State employees who need an early morning departure the next day the option to pick up a vehicle the evening before and have charges started the next morning at 7:30 A.M. The State will be responsible for the vehicle when it leaves the lot (not at the time the charges are started). For those employees who need an early morning Monday departure, the Jefferson City location on Missouri Blvd. is willing to open at 6:30 A.M. to meet the needs of these State employees. To do this effectively, Enterprise will accommodate this request when reservations have been made prior to the day of rental.

Visual Inspection Before and After Rental:

State employees should visually inspect the windshield and the exterior of the rental vehicle for any damage prior to departure and upon return of the vehicle. Any damage identified prior to departure should be reported to the rental location immediately.

Returning Vehicles:

All vehicles must be returned to the same location from which they were rented.

Grace Periods and Late Return Charges:

Enterprise Rent-A-Car at our Jefferson City location will allow the State of Missouri a two hour grace period from the start time when returning the vehicle. For the third hour, half of the daily rate will be charged. At the beginning of hour four, a full day rental charge will be incurred. Example: If a rental vehicle is picked up at 10:00 A.M. and returned at Noon the following day, Enterprise will only charge the State of Missouri for one 24-hour period rental. **All other locations excluding Jefferson City, will allow a one hour grace period.** During hours two and three, 1/3 of the daily rental charges are incurred, and at the beginning of hour-four, an additional day's rental charges will apply.

Re-Fueling Vehicles:

Vehicles are to be returned with the same amount of fuel that the vehicle had at the time of rental, i.e., when it left the lot of the rental branch. There is a per gallon charge for replacing fuel to this level; this per gallon charge will vary per location.

At some airport locations, Enterprise offers an option that allows prepayment for fuel. This is only available at some airports for "airport rentals." The prepayment option eliminates the need for refueling to the same level.

Insurance:

In-State Travel: For in-state rentals, no rates include add-on insurance because the state is self-insured. This insurance extends to the state employee engaged in authorized state business. The state employee is advised not to buy additional insurance products at the time of rental. These will not be paid for by the state. The employee is also advised that the payment for additional insurance products will be the employee's personal responsibility. These kinds of products include but are not limited to Loss Damage Waivers (LDW's) and Collision Damage Waivers (CDW's).

Out of State Travel: Rates for out-of-state rentals are available with additional liability insurance as part of the rental rate for authorized business travel. Insurance coverage is included in the contract rate for out-of-state-rentals. Remember: for liability to apply, rentals must be for use on official state business only, not personal business. Exclusions can be found on the back of the Rental Agreement.

Airport Rentals:

An airport rental is a rental that is made at an Enterprise airport location. For a listing of Enterprise Airport Locations see Attachment Three or visit www.enterprise.com.

Road Side Service:

The situation may be handled differently depending on the severity of the situation. If a vehicle cannot be driven due to a mechanical issue, then the State employee will contact the office where they rented the vehicle. This telephone number is listed at the top of the rental contract and is given to each State employee at the time of rental. During office hours, the renting office will either bring a different vehicle to the State employee or contact another Enterprise office closer to the malfunctioning vehicle. Depending on where the breakdown is, Enterprise offers a two-hour response time within the State of Missouri. After hours, Enterprise offers road side assistance that is available 24 hours a day by calling **1-800-307-**

6666. In the situation where a replacement vehicle is needed after hours, Enterprise will accommodate this need on the next business day.

Free Pick-Up:

Enterprise Rent-A-Car offers a free pick up service from the location that the State of Missouri employee requests within 30 miles. The State employee will then be brought to the Enterprise office to pick up the rental vehicle, show their State identification, valid driver's license, and provide the agency/organization codes. Enterprise cannot guarantee the delivery of a vehicle.

Accident Reporting Procedures:

A driver involved in an accident in a state vehicle or rental vehicle should contact the nearest law enforcement official. Do not make any statement concerning assumption of liability. Give only the information required by the law enforcement authorities. Obtain the name, address, vehicle registration, driver license number, and phone number of the other drivers and information on any other persons involved. Obtain insurance information from the other drivers. State vehicles should have a liability card in the vehicle certifying liability coverage. Record facts about the vehicle property damage and any damage to other property. Get the names and addresses of all available witnesses to the accident. Immediately call Risk Management at (573) 751-4044 and the Enterprise renting branch listed on the pink copy of the rental agreement given to you at the time of rental, and complete an Enterprise Accident Report form. Do not sign any statements except those required by law enforcement officials, Risk Management or Enterprise. Report the accident to your state agency and complete in full Automobile Loss Notice Form # MO300-0068. Forward the completed form to Risk Management within two days. Request a copy of the police report and forward it to:

Risk Management
Office of Administration
P.O. Box 809
Jefferson City, MO 65102.

State guidelines about accident reporting can be found at this Internet site:

<http://oa.mo.gov/gs/risk/legal/driver.htm>

Rental Suggestions:

Scenario: Only one car is being rented for multiple drivers: When a state work team is traveling, and only some members of the team are present at the time of the vehicle rental, clearly explain to the Enterprise staff handling the rental that other Missouri employees will be using the vehicle and will be added at a future time/location. When those employees actually physically join the work team, that person contacts Enterprise (e.g., goes to the rental counter at the airport), and shows the Enterprise person their Missouri Employee ID and driver's license. This should get the additional members added to the rental contract. Any problems should be reported to Mr. Matt Gandy at the number on the first page of this notice.

Rental Rates:

There are rates as follows:

- 1) In-State Rentals
- 2) Out-of State Rentals

Rates are listed by day, week, and month. In-state rental rates include unlimited mileage. Out-of-state rentals include a mileage cap of 200-miles per day; once 200-miles for the rental day is reached, a per-mile charge of \$.20 applies.

Monthly rentals include up to 3,000 miles in the monthly rate; after 3,000 miles is reached for the monthly rental, a per-mile charge of \$.20 applies.

“Month or More” Program:

Enterprise offers the "Month or More" program which offers discounted rates on multiple-month rentals. If a state agency wishes to rent a vehicle for more than one month at a time, then the agency must first make prior arrangements with Enterprise to let Enterprise know that the agency wants to participate in the "Month or More" program.

The "Month-Or-More" program is designed to accommodate multi month and in-state rentals with a discounted rate. Month or More is designed for those rentals that take place from a 2 to 11 month period. The first month of rental is priced at the rate stated on the Pricing Page herein. For months 2 through 4, Enterprise provides a discount on the original monthly rate: for month 2, a \$25 discount is applied on month 2's price; for month 3, a \$50 discount is provided on month 3's price; and for month 4, a \$75 discount is provided on month 4's price. The \$75 discount off of the original rate remains the same for months 5-11. Enterprise allows the State of Missouri employees to keep the original vehicle or switch into a different vehicle of the same class. Rental tickets will be written every 30-days, but "Month-Or-More" will allow State employees to give vehicle mileage over the phone without coming into the Enterprise office.

*** To participate in the "Month or More" program, the state agency must first call 800-209-3602 before the rental can be ordered with Enterprise.**

PRICING INFORMATION:
