01/01/09-06/30/09	12/23/08	Initial issuance of new statewide contract. The awarded contract replaces contract C104390005.

### **Purpose and Use of Contract C108217001:**

C108217001 is a preferred use contract established for state agencies to use for the purchase of a wide range of janitorial supplies. The contract replaces C104390005 previously with Hillyard. State agencies are advised that similar products are available from C109117001 with Grainger. State agencies are advised to check all contracts available to them for the purchase of these items and to choose the best product, best price, best delivery the various contracts make available to them. All contracts are “preferred use” contracts which means that the contracts have been bid with the goal of providing good market pricing and product variety to state agencies. Agencies are encouraged to use preferred-use contracts but in rare instances where the state agency can obtain like or similar products that meet the state agency’s needs at a better price, then the agency has authority to purchase the items from other sources so long as the provisions of the Local Purchasing Authority Delegation are followed. The Delegation can be viewed and downloaded from the internet at this site: <http://oa.mo.gov/purch/agencyinfo/deptpad.pdf>.

**MVE WAIVER REQUIREMENTS:** In the event products or services available on Contract C108217001 are also available from Missouri Vocational Enterprises (MVE), the state agency must acquire the items from MVE as required by section 217.575 RSMo unless the state agency has obtained a waiver from MVE (<http://oa.mo.gov/mo/samii/fin/bulletins/MVEReleaseForm021805.pdf>). It is the agency’s responsibility to check the MVE catalog (<http://doc.mo.gov/mve/html/1.htm>) prior to making a purchase from Contract C108217001. If the products/services are available from MVE, the state agency must place the order with MVE.

**Product Variety Available:** Hillyard has a full line of only first rate quality products, parts, and supplies of almost anything necessary in the janitorial supply arena. All four Hillyard branches are full stocking warehouses that supply cleaning chemicals, equipment, liners, paper, hand soap and all jobber items (brooms, brushes, mop buckets, trash cans, floor pads, parts for cleaning equipment, etc.) Hillyard is not only a distributor of cleaning supplies, but also a manufacturer of cleaning chemicals. With Hillyard, if there is a question, then the state agency can call the corporate office in St. Joseph and speak directly to the manufacturer of the product they are using. The state would have immediate access for product expertise with just one phone call to Hillyard's technical service department.

**Delivery:**

Standard delivery for in-stock items: 3-days or less.

Standard delivery for non-stock items: 5-7 days.

Emergency delivery capability: Most occasions, if in stock, next day. If non-stock, 5 days.

**Minimum Order Quantity:** None, \$0

**Warranty:** For Hillyard manufactured products, Hillyard will stand behind all products from time of purchase for 2 years as long as the product is not mishandled or misused. For all non-Hillyard manufactured products supplied by Hillyard the standard manufacturer's warranty applies.

**Catalogs:** Hillyard offers both a hard copy and electronic catalog. A web catalog at <http://stateofmo.hillyard.com> is updated with all new items and prices. Access requires a customer number; current customer numbers used by Missouri state agencies will continue to work. When ordering online at <http://stateofmo.hillyard.com> all pricing will be current contract pricing including catalog discounted items which will show with the discounted pricing already calculated.

**Green Janitorial Products:** Item 026 is Green Seal Certified (GSC). Hillyard also offers a full line of other chemicals which are Green Seal Certified out of its catalog as well as a full line of GSC paper and hand soaps, and "green" trash bags, matting, mops, and other ancillary items. These items are better for the environment, but currently no Green Seal certification standards have been set for Ready-to-use (RTU) or aerosol products. The only thing currently that Green Seal certifies is chemical, hand soap, and paper.

Hillyard offers a green program via its catalog. All Hillyard sales consultants are versed in the green movement. Each Hillyard consultant actively promotes "green" products and procedures when calling on state facilities. State agencies are advised to just ask their local Hillyard representative for guidance and direction in purchasing green janitorial supplies.

**Hillyard Branch Locations:** State agencies can use Hillyard's branch locations in addition to Hillyard's ordering website for transacting purchases:
