**GENERAL INFORMATION**

SAM 2 User Note: The state agency user will note that not all line item numbers on this notice and on SAM 2 are consecutively numbered. This is because the numbering herein follows the numbering from the RFP, which will also be the numbering the contractor will use for invoicing. For reasons of consistency between the bid document and the contract, the line items herein follow the bid even though they are not consecutive. SAM 2 line item numbering should match numbering on this statewide notice.

Vehicle specifications and prices, including options, are included herein.

**ORDERING**

Note to State Agencies: Prior to making a vehicle purchase, the state agency must complete a vehicle pre approval form and submit to Cindy Dixon, State Fleet Manager. The pre-approval form can be found at the following website address:

<http://www.oa.mo.gov/gsfm/vehiclepreapproved.htm>

Once the state agency receives approval from the State Fleet Manager, the agency shall issue its own PGQ (Quick Price Agreement) order. The contractor must not ship until they are in receipt of a hard copy PGQ order.

The commodity service code to use for alternative fuel vehicles in SAM 2 will be 07007.

The commodity service code to use for all regular fuel vehicles in SAM 2 will be 07048.

**PERFORMANCE REQUIREMENTS OF THE CONTRACTORS:**

*Latest Model:*

The contractor must provide 2010 model year or newer fleet light duty trucks and sport utility vehicles with all manufacturers' standard equipment and any additional equipment required by the State of Missouri. The base price on contract shall include all specifications stated herein.

All items of standard equipment which are normally provided with each vehicle by the manufacturer shall be furnished unless such items are expressly deleted or are specified to be other than standard.

All options and/or accessories stated herein must be manufacturer's original equipment. Aftermarket options and/or accessories shall not be acceptable.

As applicable, all options must be factory installed.

Each vehicle shall be clean, lubricated, serviced and ready for immediate service. This shall include installation of all required options and accessories (i.e. body side moldings, license plate brackets, etc...) and removal of all plastic from interior and exterior of the vehicle.

*Warranty:*

The Standard Factory Warranty shall apply to all vehicles. A properly executed warranty must be delivered with the vehicle. The warranty shall not become effective until the unit is placed in service. If special forms must be filed with the contractor, the State of Missouri will comply with this request.

**LIGHT DUTY TRUCKS AND SPORT UTILITY VEHICLES – ROLL-OVER  
(Statewide)**

---

*Order Documentation Requirement:*

Upon request by the state agency, the contractor must provide a copy of the order form submitted to the manufacturer when ordering each vehicle at no cost to the State of Missouri.

*Delivery:*

Delivery must be made between the hours of 8:00 a.m. and 12:00 Noon or 1:00 p.m. and 4:00 p.m., Monday through Friday, holidays excepted.

The contractor must understand and plan accordingly that upon delivery the state agency representative must verify the vehicle delivered has all required equipment and options and that nothing was damaged during the delivery of the vehicle. If something is damaged during delivery of the vehicle the contractor shall be responsible for all costs associated with the repair of any such damage.

Each vehicle shall be delivered with the proper form to apply for Missouri title and license including the Manufacturer's Statement of Origin, invoice and the owner's manual.

The contractor shall comply with the manufacturer's recommended pre-delivery service.

In the event the contractor fails to deliver the vehicle by the stated ARO time, the State of Missouri reserves the right to find the same or similar vehicle from another source, and to charge the contractor the difference for the substitution. In assessing the applicability of this provision, the State of Missouri will consider the degree of contractor responsibility in the delay.

*Substitutions:*

The contractor shall not substitute any item(s) that has been awarded to the contractor without the prior written approval of the Division of Purchasing and Materials Management.

The state reserves the right to allow the contractor to substitute any new product/system offered by the contractor on all unshipped and future orders if capabilities and quality are equal to or greater than the product/system under contract and if prices are equal to or less than contract prices. The Division of Purchasing and Materials Management shall be the final authority as to acceptability.

*Replacement of Damaged Product:*

The contractor shall be responsible for replacing any item received in damaged condition at no cost to the State of Missouri. This includes all shipping costs for returning non-functional items to the contractor for replacement.

**NOTE: IF ANY OF THE ABOVE PERFORMANCE REQUIRMENTS ARE NOT MET AND/OR VEHICLE DELIVERED DOES NOT HAVE ALL NECESSARY EQUIPMENT, PLEASE CONTACT CALE TURNER AT (573) 526-2716 OR [cale.turner@oa.mo.gov](mailto:cale.turner@oa.mo.gov).**
