STATEWIDE CONTRACT HISTORY

The following summarizes actions related to this Notification of Statewide Contract since its initial issuance. Any and all revisions have been incorporated into the attached document.

Contract Period	Issue Date	Summary of Changes
12/13/2014 through 12/12/2015	12/04/14	Renewal of statewide contract; update Buyer contact info; updated Vendor Name and FEIN for Tandus; update contact for Mohawk, update name of BOLYU and contact.
12/13/2013 through 12/12/2014	12/13/2013	Initial issuance of new statewide contract

**CARPET
(Statewide)**

General Information:

C114087001 through C114087007 are established for the purchase of carpet only. The contracts are for carpet purchases for Executive Department state agencies throughout the State of Missouri. Furthermore, the contractors have agreed to extend pricing herein to Cooperative Agencies. These contracts cannot be utilized for carpet installation services as they are for product only.

Preferred Use of Contract:

The contract shall be considered a preferred-use contract which means all state agencies should use the contract for the carpet on contract if needed. Even though the contract is considered a preferred-use contract, there will be rare situations where an agency may waive itself from using the contract so long as such determination is supportable and in the best interest of the State. Reasons for not using the contract shall include but shall not necessarily be limited to the following: offered carpet is not usable by the state agency; order delivery time is not meeting state agency's needs; specific item is out-of-stock for an unreasonable amount of time (to be determined by the state agency) without an acceptable substitute; specific item on contract is not what the state agency legitimately needs to meet its agency's public responsibilities; cost of the item exceeds historical and/or current market pricing and it would be unduly burdensome for the agency to pay the contract price.

Price:

The state shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.

Delivery Performance:

The contractor shall deliver products to the state agency upon receipt of an authorized purchase order or P-card transaction notice. Delivery shall include unloading shipments at the state agency's dock or other designated unloading site as requested by the state agency. All deliveries shall be at ground level locations with one drop-off area per location. All orders must be shipped F.O.B. Destination, Freight Prepaid and Allowed. All orders received on the last day of the contract, must be shipped at the contract price. All deliveries must be coordinated with the state agency.

Substitutions:

The contractor shall not substitute any item(s) that has been awarded to the contractor without the prior written approval of the Division of Purchasing and Materials Management.

In the event an item becomes unavailable, the contractor shall be responsible for providing a suitable substitute item. The contractor's failure to provide an acceptable substitute may result in cancellation or termination of the contract.

Any item substitution must be a replacement of the contracted item with a product of equal or better capabilities and quality, and with equal or lower pricing. The contractor shall understand that the state reserves the right to allow the substitution of any new or different product/system offered by the contractor. The Division of Purchasing and Materials Management shall be the final authority as to acceptability of any proposed substitution.

Any item substitution shall require a formal contract amendment authorized by the Division of Purchasing and Materials Management prior to the state acquiring the substitute item under the contract.

The state may choose not to compel an item substitution in the event requiring a substitution would be deemed unreasonable in the sole opinion of the State of Missouri. The contractor shall not be relieved of substituting a product in the event of manufacturer discontinuation or other reason simply for reasons of unprofitability to the contractor.

**CARPET
(Statewide)**

Replacement of Damaged Product:

The contractor shall be responsible for replacing any item received in damaged condition at no cost to the State of Missouri. This includes all shipping costs for returning non-functional items to the contractor for replacement.

Used Carpet Disposal Requirements:

It is highly desirable that the contractor pick-up used carpet tiles and/or broadloom carpet and dispose of the used carpet at no additional cost to the State of Missouri. Acceptable disposal methods shall include recycling, upcycling, downcycling and/or repurposing. Traditional practices, such as landfilling shall not be used for disposal. The contractor must comply with all applicable local, state and federal carpet hauling and disposal regulations.

Warranty:

The standard manufacturer's warranty shall be provided to the state agency purchasing carpet off the contract at no additional cost. A properly executed manufacturer's warranty must be in writing and delivered with the carpet.
