Therefore, prior to any payments becoming due under the contract, the contractor must return a completed state Vendor ACH/EFT Application which is downloadable from the following website: <http://www.oa.state.mo.us/purch/vendorinfo/vendorach.pdf>. Each contractor invoice must contain a unique invoice number. 5. **Invoicing:** The contractor shall submit a monthly itemized invoice for services provided to each separate state agency for which the contractor is providing service. Each state agency shall be responsible for identifying the specific invoice to address at the time the subscription is requested.

- a. The State acknowledges that the agency may be restricted from accessing certain databases, materials, libraries, etc. that is otherwise available in the contractor's On-line Services due to the fact that the agency may elect to only purchase access to certain (limited number of) legal/public records databases/libraries.
 - b. Delayed payment of licensing fees due to unresolved contractual issues between the State of Missouri and the contractor shall not be cause for withholding passwords.

The State shall be given proper written notice and an opportunity to be heard in connection with any request for such a court order. The contractor understands that it is foreseeable that a breach of this provision could cause substantial harm to the State. No limitation of liability, whether contractual or statutory, shall apply to a breach of this paragraph.

12. **Entire Agreement:** A binding contract shall consist of: (1) the RFP, amendments thereto, and/or Best and Final Offer (BAFO) request(s) with RFP changes/additions, (2) the contractor's proposal including the contractor's BAFO, (3) any clarifications, and (4) Division of Purchasing and Materials Management (DPMM)'s acceptance of the proposal by "notice of award" or by "purchase order."
