**TIRES, TUBES AND SERVICES**  
**STATEWIDE NOTICE**

**General:** The contracts identified herein have been awarded to serve State of Missouri agencies, political subdivisions or governmental entities specified by the State of Missouri for various types of tires, tubes and services. The contracts are piggyback contracts off of current Western State Contracting Alliance (WSCA) contracts.

**Pricing:** Pricing is provided in accordance with the applicable percentage discounts off of current list prices found in the specific tire manufacturer catalogs. The chart herein provides the percentage discount for each of the available tire and tube categories. Additionally, a chart is provided that gives specific firm, fixed prices for each service that can be provided by the manufacturers. **Attachment #1** to this statewide notice provides current contract period net prices for all tires available from The Goodyear Tire & Rubber Company (C112258001). **Attachment #2** to this statewide notice provides current contract period net prices for all tires available from Bridgestone Americas Tire Operations, LLC (C112258002). **Attachment #5** to this statewide notice provides current contract period net prices for all tires available from Michelin North America (C115153001).

Note: The attachments are separate from this Statewide Notice but they are available at the same website.

**Delivery:** The contracts allow for agencies to order and pick-up tires at dealerships participating in the contract. Tires may also be shipped to the state agency site FOB Destination, freight prepaid and allowed.

- Goodyear offers thirty (30) days ARO
- Bridgestone offers forty-five (45) days ARO
- Michelin offers fourteen (14) days ARO

**Authorized Missouri Tire Dealers:** **Attachment #3** provides a listing of authorized Goodyear dealers in Missouri. **Attachment #4** provides a listing of authorized Bridgestone dealers in Missouri. **Attachment #6** provides a listing of authorized Michelin dealers in Missouri. The dealers listed on the attachments are the only authorized dealers to provide tires, tubes and related services in accordance with the contracts.

**Invoicing and Payments:** All orders shall be placed with the manufacturer in care of the local dealer providing product and/or services. Invoices will be billed by the manufacturer and payments will be made to the manufacturer directly, not the local dealer. No payments shall be made to the authorized dealers.

**Preferred Use Contract:** The State of Missouri has various state agencies that are located in remote areas of the state with limited access to a nearby dealer. Because of the time it takes state personnel to travel along with the cost associated with travel to the closest authorized tire dealers, the state intends to provide as much variability as is needed to obtain the tires and service. The State of Missouri must also be assured the product is readily available.

For the reasoning cited in the above paragraph, the contract shall be considered a preferred-use contract which means all state agencies should use the contract for the supplies and service on contract if needed. Even though the contract is considered a preferred-use contract, there will be rare situations where an agency may waive itself from using the contract so long as such determination is supportable and in the best interests of the state. Reasons for not using the contract shall include but shall not necessarily be limited to the following: specific item is out-of-stock for an unreasonable amount of time (to be determined by the state agency) without an acceptable substitute; closest authorized dealer is too far and it would be burdensome for the agency to pay the cost associated with travel.
