-----------	--	--

1. Purpose:

Six contracts for Facilities Supplies, Maintenance Repair and Operating (MRO) items have been established and are intended for use by various state agencies throughout the State of Missouri, including members of the Cooperative Procurement Program. Agencies can purchase from any of the six established contracts based on their determination of their best interests, considering type of product, needs of the plant maintenance situation, product quality, price, terms of ordering and delivery to name some of the more important facts in making a choice.

2. Preferred Use Contract:

Contracts CC182584001, CC182584002, CC182584003, CC182584004, CC182584005 and CC182584006 are considered “preferred use” contracts which means that state agencies should use the contracts for purchasing facilities/MRO supplies when pricing, delivery, and other contractual terms and conditions are in the agency’s best interest to do so. Agencies are encouraged to use these established contracts, but in rare instances where the state agency can obtain like or similar products that meet the state agency’s needs at a better price and better terms, then the agency has authority to purchase the items from other sources adhering to requirements and provisions of the Local Purchasing Authority Delegation found at this website: <http://oa.mo.gov/purch/agencyinfo/deptpad.pdf>.

- Agencies are encouraged to seek best pricing from the MRO statewide and other available statewide contracts.

3. Missouri Vocational Enterprises (MVE):

MANDATORY COMPLIANCE REQUIRED: Agencies are advised to use Missouri Vocational Enterprises (MVE) for products/services available from MVE as further explained below.

MVE WAIVER REQUIREMENTS: In the event products or services available on contracts CC182584001, CC182584002, CC182584003, CC182584004, CC182584005 and CC182584006 are also available from Missouri Vocational Enterprises (MVE), the state agency must acquire the items from MVE as required by section 217.575 RSMo unless the state agency has obtained a waiver from MVE. It is the agency’s responsibility to check the MVE catalog at <http://doc.mo.gov/mve/html/catalog.html> prior to making purchases from the contracts.

IF THE PRODUCTS/SERVICES ARE AVAILABLE FROM MVE, THE STATE AGENCY MUST ORDER FROM MVE.

4. Pricing:

State agencies should compare pricing among the contractors for most favorable pricing and terms.

Product Sourcing:

Product sourcing is available on all six contracts. Any sourced item must be readily recognizable as a typical MRO item. An item such as a vehicle, food, office paper, body bags, hospital beds, etc. are not typically considered MRO item and should not be purchased off contracts CC182584001, CC18258400002, CC182584003, CC182584004, CC182584005 and CC182584006 as sourced items.

- **Grainger – Special Terms About Sourced Products (CC182584001):** Non-Grainger General Catalog (Sourced) Product - Grainger may procure product not available through the Grainger General Catalog or Grainger.com from other sources. Sourced Product is priced according to current market conditions on a per order basis, and may be shipped **F.O.B. Origin**. Customers shall pay for any expedited or special handling requirements. A returned goods authorization must be issued by Grainger prior to returning any Sourced Product. A restocking fee may apply for any returned Sourced Product.

- **MSC Sourced Products (CC182584002):** Contact MSC about product sourcing.
- **Fastenal Sourced Products (CC182584003):** The state's contract with Fastenal specifically excludes items being purchased as contract items that are sourced outside the scope of the NASPO ValuePoint defined categories for Missouri state agencies. Purchases by Missouri state agencies from the contract are limited to items that are standard Fastenal part numbers and within the NASPO ValuePoint defined categories.
- **Veritiv Sourced Products (CC182584004):** Contact Veritiv about product sourcing.
- **Hilti Sourced Products (CC182584005):** Contact Hilti about product sourcing.

5. Services:

Grainger contract CC182584001 also allows for the purchase of some services per amendment 9 of Master Agreement 8496 with NASPO ValuePoint, dated 6/24/22. Grainger may provide Products and Services from the following categories:

- Janitorial Equipment & Supplies (does not include sanitation cleaning chemicals)
- Sanitation Cleaning Chemicals (does not include janitorial equipment & supplies)
- Fasteners
- Material handling
- Plumbing
- Power Sources
- Outdoor Garden
- Lamps, Lights, Ballasts
- HVAC
- Hand Tools
- Power Tools (excluding automotive related tools and products)
- Electrical
- Paint
- Security
- Safety (does not include any public safety equipment)

Utilization of any services from Grainger is solely at the discretion of the state agency and state agencies are not obligated to utilize Grainger for services. Agencies are advised to research all avenues as it relates to acquiring services prior to deciding if Grainger is the best option for the state agency.

Service inquiries specific to the categories listed above should be sent to Grainger's contract representative:
