| 9/22/2020 through 9/21/2021 | 9/22/2020 | Initial issuance of new statewide contracts CC202332001-005 |

Flooring (Statewide)

General Information:

CC202332001 through CC202332005 are established for the purchase of flooring only. The contracts are for flooring purchases for Executive Department state agencies throughout the State of Missouri. Furthermore, the contractors have agreed to extend pricing herein to Cooperative Agencies. These contracts cannot be utilized for flooring installation services as they are for product only.

Preferred Use of Contract:

The contract shall be considered a preferred-use contract which means all state agencies should use the contract for the carpet on contract if needed. Even though the contract is considered a preferred-use contract, there will be rare situations where an agency may waive itself from using the contract so long as such determination is supportable and in the best interest of the State. Reasons for not using the contract shall include but shall not necessarily be limited to the following: offered carpet is not usable by the state agency; order delivery time is not meeting state agency's needs; specific item is out-of-stock for an unreasonable amount of time (to be determined by the state agency) without an acceptable substitute; specific item on contract is not what the state agency legitimately needs to meet its agency's public responsibilities; cost of the item exceeds historical and/or current market pricing and it would be unduly burdensome for the agency to pay the contract price.

Price:

The state shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.

***NOTE (State Agencies): When placing an order for adhesives and sealers from Interface Americas, Inc., you MUST order with flooring orders. Otherwise there are additional fees.**

Delivery Performance:

The contractor and/or the contractor's subcontractor(s) shall deliver products in accordance with the contracted delivery times stated herein to the state agency upon receipt of an authorized purchase order or P-card transaction notice. Delivery shall include unloading shipments at the state agency's dock or other designated unloading site as requested by the state agency. All orders must be shipped ***F.O.B. Destination, Freight Prepaid and Allowed***. All orders received on the last day of the contract, must be shipped at the contract price. All deliveries must be coordinated with the state agency.

Substitutions:

The contractor shall not substitute any item(s) that has been awarded to the contractor without the prior written approval of the Division of Purchasing.

In the event an item becomes unavailable, the contractor shall be responsible for providing a suitable substitute item. The contractor's failure to provide an acceptable substitute may result in cancellation or termination of the contract.

Any item substitution must be a replacement of the contracted item with a product of equal or better capabilities and quality, and with equal or lower pricing. The contractor shall understand that the state reserves the right to allow the substitution of any new or different product/system offered by the contractor. The Division of Purchasing shall be the final authority as to acceptability of any proposed substitution.

Any item substitution shall require a formal contract amendment authorized by the Division of Purchasing prior to the state acquiring the substitute item under the contract.

The state may choose not to compel an item substitution in the event requiring a substitution would be deemed unreasonable in the sole opinion of the State of Missouri. The contractor shall not be relieved of substituting a product in the event of manufacturer discontinuation or other reason simply for reasons of unprofitability to the contractor.

Replacement of Damaged Product:

The contractor shall be responsible for replacing any item received in damaged or defective condition at no cost to the State of Missouri. This includes all delivery/transportation costs for returning the damaged or defective product to the contractor for replacement.

Used Carpet Disposal Requirements:

It is highly desirable that the contractor pick-up used carpet tiles and/or broadloom carpet and dispose of the used carpet at no additional cost to the State of Missouri. Acceptable disposal methods shall include recycling, upcycling, down-cycling and/or repurposing. Traditional practices, such as landfilling shall not be used for disposal. The contractor must comply with all applicable local, state and federal carpet hauling and disposal regulations.

Warranty:

The standard manufacturer's warranty shall be provided to the state agency purchasing flooring off the contract at no additional cost. A properly executed manufacturer's warranty must be in writing and delivered with the flooring, and shall conform to warranty requirements.

**Office of Administration
Division of Purchasing
Contract Performance Report**

Please take a moment to let us know how this contract award has measured up to your expectations. If reporting on more than one contractor or product, please make copies as needed. This office will use the information to improve products and services available to state agency users. **Comments should include those of the product's end user.**

Contract No.: _____ **Contractor:** _____

Describe Product Purchased (include Item No's., if available): _____

Rating Scale: 5 = Excellent, 4 = Good, 3 = Average, 2 = Poor, 1 = Fails to meet expectations

| Product Rating | Rate 1-5, 5 best |
|---------------------------------------|---------------------|
| Product meets your needs | |
| Product meets contract specifications | |
| Pricing | |

| Contractor Rating | Rate 1-5, 5 best |
|------------------------------------|---------------------|
| Timeliness of delivery | |
| Responsiveness to inquiries | |
| Employee courtesy | |
| Problem resolution | |
| Recall notices handled effectively | |
