## INSTRUCTIONS AND INFORMATION

1. **PREFERRED USE:** Services are on an as needed, if needed basis. Preferred use means that any state agency requiring the services should use the established contract unless it is determined to be in the best interest of the State of Missouri for a state agency to obtain alternate services elsewhere.
2. **CONTRACT USE:** Since multiple contracts exist, the state agency shall utilize the products/services of the lowest-priced contractor for the required services. When a piece of equipment requires maintenance, diagnostics, repair or parts, the state agency shall contact the vendor(s) who have indicated they can provide the products and services for that brand of equipment to obtain a price quote for the products/services required. See Section 2, Scope of Work, of contract for more detailed information on obtaining quotes.
3. **SCOPE OF WORK:** Due to the large amount of information included in the contract's Scope of Work, the information is not included in the Statewide Contract Notification. The information is available through the Awarded Bid & Contract Document Search at <https://oa.mo.gov/purchasing/bidding-contracts/awarded-bid-contract-document-search> or through MissouriBUYS at <https://missouribuyss.mo.gov/>
4. **CONTRACT MANAGEMENT:**
  - a. The state agency should monitor, measure, and manage the contractor's performance of services and delivery of products according to the contractual requirements. Please refer to the Contract Management Guide: <https://oapurch.state.mo.us/procurementsources.shtm>
  - b. In the event your state agency encounters any issues or has any concerns or questions regarding the contract, please contact the Division of Purchasing in writing to the attention of the buyer shown on the front page of this document.

- c. To assist the Division of Purchasing in monitoring the performance of the contractors and ensuring quality services are provided to state agencies, state agencies are strongly encouraged to submit documentation regarding the contract and contractor performance to the Division of Purchasing to the attention of the buyer listed on the front page of this document.
5. **SATISFACTION SURVEY:** Customer service is a top priority. The Division of Purchasing desires to work with state agencies to identify solutions if there are any contract concerns. State agencies are encouraged to complete the Satisfaction Survey, Appendix A, regarding their experience with the contract. Please submit your completed survey to the Division of Purchasing to the attention of the buyer shown on the front page of this document.

### CONTRACT PRICING

With the potential for multiple vendors per line item, and the contract stipulating that the agency must use the lowest-priced contractor per line item, below is a list of all the contractors by line item in order from lowest cost to highest cost.
