- a. All requirements stated herein shall be applicable to all state agencies unless a specific state agency is indicated.
 - b. Although each state agency requiring the contractor's services shall work with the contractor to obtain the needed services, the contractor shall understand that the State Recycling Coordinator is also available to function as a liaison between the contractor and a state agency in order to facilitate the use of the contract and to assist the contractor with communication with the appropriate state agency personnel.
 - c. For purposes of the contract, a state agency shall be defined as a division, section, bureau, office, program, board, regional/district office, etc., that exists within a department of Missouri State Government. For the purposes of this document, this shall also include the Judicial and Legislative branches of the State of Missouri.
- 2.1.2 The contractor shall perform all services to the sole satisfaction of the state agency.
- 2.1.3 The contractor shall provide the services on an as needed, if needed basis. The State of Missouri does not guarantee any usage of the contract whatsoever. The contractor shall agree and understand that the contract shall be construed as a preferred use contract but shall not be construed as an exclusive arrangement. - 2.1.4 Cooperative Procurement Program - The contractor shall participate in the State of Missouri's Cooperative Procurement Program. The contractor shall provide off-site document destruction services as described herein under the terms and conditions, requirements, and specifications of the contract, including prices, to other government entities in accordance with the Technical Services Act (section 67.360, RSMo, which is available on the internet at: <http://www.moga.mo.gov/mostatutes/stathtml/06700003601.html?&me=67.360>.)
