## INSTRUCTIONS AND INFORMATION

**PREFERRED USE:** Services are on an as needed, if needed basis. This is as a preferred use contract but shall not be construed as an exclusive arrangement. Preferred use means that any state agency requiring the services should use the established contract unless it is determined to be in the best interest of the State of Missouri for a state agency to obtain alternate services elsewhere.

**SCOPE OF WORK:** The contract's Scope of Work and Terms and Conditions are not included in the Statewide Contract Notification. The information is available through the Awarded Bid & Contract Document Search at <https://oa.mo.gov/purchasing/bidding-contracts/awarded-bid-contract-document-search> or through MissouriBUYS at <https://missouribuys.mo.gov/>.

### STATE AGENCY INSTRUCTIONS FOR USE OF THE STATEWIDE MANAGEMENT CONSULTING CONTRACT:

**QVL CATEGORIES** - The Office of Administration, Division of Purchasing established a Qualified Vendor List (QVL) for Statewide Management Consulting services for each of the two categories below. The purpose of the QVL is to enable quicker procurement processes, foster competition, and promote consistently high-quality delivery of services.

- a. **Category One: Project Management, Strategic Planning, Organizational Development, and Business Process Services.** If awarded a contract in this category, the following is a list of the services that may be required by the state agency under this category:
1. Administrative, human resource, and financial;
  2. Organizational change;
  3. Health and social services;
  4. Policy Design;
  5. Business development; and
  6. Specialized financial consulting services.

- b. **Category Two: General Data Analytics and Data Evaluation Services.** If awarded a contract in this category, the following is a list of the services that may be required by the state agency under this category:
1. Survey research, including data collection and analysis;
  2. Program evaluation, including design, analysis, and report preparation;
  3. Forecasting analytic techniques;
  4. Complex survey sample design;
  5. Qualitative analysis and mixed method of analysis;
  6. Preparing and analyzing large data, comparative, and cost effective studies;
  7. Cost effectiveness analysis, comparative effectiveness analysis, quality improvement work, policy analysis, secondary data analysis, and ecological studies design; and
  8. Quantitative data extraction and data management.

## SOW PROCESS

On all projects, the state agency will utilize the Statement of Work (SOW) as the means to (1) competitively bid a specific Management Consulting Services project among other contractors within the category, (2) identify the specific requirements to be performed, and (3) establish a total price to be paid to the awarded contractor of the SOW upon completion of the specified requirements. The duration of the SOW must not exceed the effective contract period. A template SOW is provided in Attachment 2.

Information describing the SOW process is identified below:

**BUILDING THE SOW REQUEST:** All terms and conditions of the contract shall apply to all SOWs. Determination of SOW specifications for each project shall be made by the ordering state agency. The SOW may also contain terms specific to the SOW, including, but no limited to, security, payment and holdback terms, and other contract terms.

- a. **Introduction/Overview:** Brief description of the project. Information provided to acquaint the contractor with the planned project. In addition, the following information will be provided:
    - 1) State agency name/address
    - 2) Title of SOW
    - 3) SOW Issue Date
    - 4) SOW Response Due Date
  
  - b. **Scope of Work:** A listing of specifications/performance requirements, standards, locations, tasks, deliverables, schedule, and the state identified assumptions. In this section the state agency will define the tasks that the contractor must complete for the SOW project and provide a detailed itemization and description of those tasks (i.e., project work), including requirements for and specified frequency of any required status reports.
  
  - c. **Deliverables:** In this section, the state agency should clearly state what work product the contractor must deliver. A description of the acceptance criteria as well as what the contractor must obtain from the state agency to verify the state agency's receipt and approval of the deliverable work product will also be included. Typically, payment milestones will be associated with acceptance of deliverables.
-

- d. **Reporting Requirements:** In this section, the state agency should clearly state what reporting is required for the contractor to produce throughout the project.
- e. **Contractor and Personnel Qualifications:** In this section, the state agency should clearly state the reasonable minimum contractor and personnel qualifications necessary to perform the work.
- f. **SOW Submission and Evaluation:** In this section, the state agency should clearly define the submission and evaluation criteria. The evaluation will include Minority Business Enterprise (MBE)/Women Business Enterprise (WBE) Participation, Organizations for the Blind and Sheltered Workshop Preference, and Missouri Service-Disabled Veteran Business Enterprise Participation commitment made in the awarded QVL proposal for each SOW.

- g. **Pricing:** In this section, the state agency should clearly identify all required pricing line items or payment milestones, which should align with the deliverables including line item for the total price to perform the project described in the SOW. All payments shall be made in arrears.

**NOTIFICATION OF QVL CONTRACTORS** - When requesting a SOW for a particular Management Consulting Service category, the state agency shall notify **ALL** the QVL contractors for the particular category and request submittal of a competitive SOW response in accordance with the provisions

therein. **The state agency should copy and paste the following email distribution list when sending a SOW to the contractors:**

**Category One Email Distribution List:** [Dana.a.chamblee@accenture.com](mailto:Dana.a.chamblee@accenture.com);

**EVALUATION OF SOW:** Each competitive SOW shall be evaluated based on a 200-point evaluation scale as delineated in the SOW Submission and Evaluation section of the specific project SOW.

- a. During the evaluation of the SOW responses, the state agency reserves the right to request clarification of the contractor's intent regarding the contractor's SOW response.
- b. SOW requirements may be changed by the state agency via an amendment to the SOW prior to the SOW due date, but the state agency may not conduct competitive negotiations during the evaluation of the SOW responses or after award of the SOW. In the event all SOW responses fail to meet the requirements of the SOW, the state agency shall cancel the SOW and if still desired issue a new SOW with revised specifications.

**APPROVAL AND AWARD OF SOW:** For each SOW response, the state agency shall total (1) the cost points derived from the cost analysis, (2) the subjective evaluation score, (3) any Minority Business Enterprise (MBE)/Women Business Enterprise (WBE) Participation evaluation points, and (4) any bonus points for Organizations for the Blind and Sheltered Workshop Participation and Missouri Service-Disabled Veteran Business Enterprise Participation. The contractor with the highest total combined points shall be considered the "lowest and best" SOW response and awarded the specific project; however, the state agency shall have the right to reject all responses and not make an award.

- a. The evaluation points for any Minority Business Enterprise (MBE)/Women Business Enterprise (WBE) Participation and the bonus points for Organizations for the Blind and Sheltered Workshop Participation and Missouri Service-Disabled Veteran Business Enterprise Participation shall be as specified in the contractor's awarded proposal submitted in response to RFPS30034902401367.
- b. The state agency will document in writing their evaluation justification regarding their award determination of the "lowest and best" SOW at the time each SOW project is awarded. Such documentation shall be considered an open record.
- c. The state agency will indicate acceptance of the highest-scored SOW response by signing and dating the SOW response document. The state agency (1) will retain one signed copy; and (2) will send one copy of the signed and awarded SOW to the contractor awardee. The state agency will inform all responding contractors as to who received the award. Acceptance of the SOW is not authorization to proceed with provision of services. The state agency must provide authorization to proceed through issuance of a purchase order or specific written authorization to proceed.

**OPEN RECORDS:** Each SOW response submitted shall be considered an open record unless otherwise exempt pursuant to the provisions of the State of Missouri Revised Statutes, specifically section 610.021-022, RSMo, and other provisions as may be applicable. If the contractor considers any part of their SOW to be proprietary or confidential, the contractor must clearly identify such part and shall provide adequate explanation of what qualifies the material as being held confidential under the provisions of the State of Missouri Revised Statutes. Unless specific confidential information is requested by the State of Missouri and acknowledged as such, the contractor should NOT include confidential material with their SOW response.

**ORAL PRESENTATION OF SOW:** If required by the state agency, the contractor must orally present the contractor's SOW to the state agency. If required, such presentation shall be scheduled by the state agency with at least five (5) business days' notice to the contractor, unless otherwise mutually approved by both parties. Participation in such presentation shall be at the contractor's expense. The state agency may elect to require the presentation to occur on-site or allow remotely through available technology.

**POINT OF CONTACT:** The contractor must function as the single point of contact for the state agency, regardless of any subcontract arrangements for products and services. This shall include assuming responsibility and liabilities for services provided. By no later than five (5) calendar days after the state agency authorizes the contractor to proceed with the project, the contractor must provide the state agency with the name, address, and phone number of a person within the contractor's organization who shall serve as the contractor's team lead for the project.

---

**IMPLEMENTATION/EXECUTION OF SOW:** After receipt of state agency written acceptance of the SOW and authorization to proceed (in the form of a purchase order or other written document authorizing contractor to proceed with work that is in addition to the SOW acceptance) for the project, the contractor shall perform the services required for the project in accordance with the SOW accepted by the state agency. Unless otherwise specified in the work plan, the contractor shall furnish all material, labor, facilities, equipment, and supplies necessary to perform the services.

**MODIFICATIONS TO SOW:** After implementation/execution of a SOW, if the state agency determines that modifications within the intent of the SOW are necessary or desired, the state agency will document the requested changes to the contractor with any new instructions for the project. Based on the written instructions provided by the state agency, the contractor must revise the SOW according to the requirements for the SOW Submission specified herein, including any resulting changes in the timeline, amount to be paid to the contractor, etc.

- a. Any requested changes must still be within the intent and scope of the original SOW and the contract.
- b. The contractor shall not proceed with implementation of services related to the revised SOW until final written approval and authorization to proceed is obtained from the state agency.

**TERMINATION OF SOW:** The state agency shall have the right to terminate any project at any time at the sole discretion of the state agency, without penalty or recourse, by giving written notice to the contractor at least five working days prior to the effective date of such termination. However, the state agency will make every attempt to provide the contractor with more than five working days' notice. In the event of termination of the project, all documents, data, reports, and accomplishments prepared, furnished or completed by the contractor pursuant to the terms of the contract shall, at the option of the State of Missouri, become the property of the State of Missouri. The contractor shall be entitled to receive just and equitable compensation for deliverables completed and accepted in accordance with the SOW prior to the effective date of the termination.

**CONTRACT MANAGEMENT:** The state agency should monitor, measure, and manage the contractor's performance of services and delivery of products according to the contractual requirements. Please refer to the Contract Management Guide: <https://oapurch.state.mo.us/procurementsources.shtm>.

- a. In the event your state agency encounters any issues or has any concerns or questions regarding the contract, please contact the Division of Purchasing in writing to the attention of the buyer shown on the front page of this document.
  
- b. To assist the Division of Purchasing in monitoring the performance of the contractors and ensuring quality services are provided to state agencies, state agencies are strongly encouraged to submit documentation regarding the contract and contractor performance to the Division of Purchasing to the attention of the buyer listed on the front page of this document.

**SATISFACTION SURVEY:** Customer service is a top priority. The Division of Purchasing desires to work with state agencies to identify solutions if there are any contract concerns. State agencies are encouraged to complete the Satisfaction Survey, Appendix A, regarding their experience with the contract. Please submit your completed survey to the Division of Purchasing to the attention of the buyer shown on the front page of this document.

## Identification of Contracts by Category

The table below identifies the contractors that may participate in responding to Statement of Work (SOW) requests in Category One of the Statewide Management Consulting QVL.

<b>Category One: Project Management, Strategic Planning, Organizational Development, and Business Process Services</b>
--

(Contractors awarded Category One)

Accenture LLP
Advanced Analytical Systems, Inc.
